Sterling Health cont. on pg. 1

vide dental care for the practice's service area.

Bryant said the practice has now outgrown its current facility on Water Street and will be expanding to a new facility to be located on Cedar Creek Drive, across from Save-A-Lot in Owingsville.

She said the new facility will be an estimated 12,000 square feet, more than doubling the current size, and will feature their regular services as well as wound care and podiatry, dental, vision care, and a drive-thru pharmacy

The facility will be funded through the Rural Health Transformation Program, a $50 billon program funded through the 2025 One Big Beautiful Bill Act which aims to provide assistance to rural areas.

Bryant said the construction start date is to be determined.

She said one important medical service they want to provide is dental, due to the loss of most dental practices from the area.

Chamber members also heard from Angie Combs, with the Kentucky Cancer Center, and partner with Sterling Health, which provides outreach and screenings for breast, lung, and colon cancer. Combs said Sterling Health has been a great community partner and has worked to remove barriers to health care access in the region.

Most Rowan County elected Officials and their staffs, have earned our respect, trust, and appreciation.

The Rowan County Attorney's answer to the Lexington Attorneys' question as to why our variance for the fence was denied, was: "Politics and Payback". Judge Henry Wilhoit, Jr. was told the Rowan County Attorney didn't say it.

The late United States District Court Judge Henry Wilhoit, Jr. dismissed our case when he believed the Fiscal Court's denial of the stated true reason, "Politics and Payback" for its denial of our variance. He was also presented by them **another false claim**, that they "mowed, weeded, and maintained" the same infamous ten foot strip of front lawn of every lot in our subdivision. The true fact is, the Rowan County Fiscal Court has **never** mowed, weeded, or maintained the front ten feet of our lawn (at least for the last 25 years) or over 90% of the 50 lots in the subdivision. This claim that they did mow, weed, and maintain is absolutely false. And, the Judge bought into this as well.

When the Rowan County Fiscal Court denied our very reasonable request to build a luxury/very correct wrought iron fence and gate along the front of our property, the attorney/managing partner stated to them "What are you guys smoking up there in Morehead?"

PROVEN FACT: Rowan County Attorney absolutely said "Politics and Payback". Three heavy-weight Lexington Attorneys truthfully confirmed that, and would never jeopardize their licenses, assets, or reputations to say so falsely. HE SAID IT!

Sad when the only way to win is to cheat!

There is no other word for it...

CORRUPTION

We all know the Rowan County Attorney stated "Politics and Payback", and that he signed the affidavit denying that. We all know that the affidavit with his denial was false.

(To comply with the only remaining contingency in the sale of our property (we were holding a half million dollar$ from the buyer, ready to close but the denial of (a Variance) "Politics and Payback", crushed the sale).)

TEAR OUT THIS PAGE, AND ALONG WITH YOUR WITNESS/PROOF, TAKE IT TO A FEDERAL COURT OR FBI OFFICE IN ASHLAND, LEXINGTON, CINCINNATI, (OR?) AND YOU CAN DO THIS SAFELY, AND ANONYMOUSLY, WITH FEDERAL LAW ENFORCEMENT HELP. THE BONUS IS THAT YOU WILL BE BRINGING JUSTICE, LONG ABSENT, TO THIS CASE.

They are still telling stories, we are told by our readers (We appreciate your continuing input and support.), but every word of these ads is provably true.

What will your excuse be to the Rowan County Taxpayers when the right person finally reads these ads?

Will a Senior United States District Court Judge order the Rowan County Fiscal Court and Rowan County Attorney "Taxpayers" to pay MILLION$ for knowingly utilizing a false affidavit in its defense of a federal lawsuit it could have won legitimately? The aggravating factor (legal term) is the multitude of public reminders the Fiscal Court and County Attorney ignored, or failed to face, considering the devastating damages they inflicted, and failed to make restitution.

Both the Lower Court, and 6th Circuit, believed the content of the affidavit, as evidenced in their explanations of their rulings. Did 3 high powered Lexington (Fayette County) Attorneys lie with no apparent motive, or did one Morehead (Rowan County) Attorney lie with obvious motives? It is our belief that the fraud committed will toll the statue of limitations in this matter.

* For U.S.District Court admissable evidence of false testimony

**One Million Dollars added, provided U.S.D.C. of Appeals or U.S.D.C. Judge/Jury, awards Two Million Dollars or five to ten times that amount, against the Rowan County Fiscal Court/Rowan County Attorney, for what they did to us.
