# Booneville City Council News

**By Lisa Robinson**

The Booneville Board of Commissioners (City Council) met in regular session on Wednesday, November 11, 2026. Mayor Nelson Bobrowski called the meeting to order. He asked for a moment of silence for all veterans past and present. He continued, "the minutes from the last meeting have been dispensed. Are there any additions, corrections or deletions to those minutes?" A motion was made and carried to approve the minutes as presented.

Mr. Chandler (a potential water customer) was present to ask about getting water up Crane Fork to his property. "Right now, we cannot even have a garden, livestock or much of anything else. It is hard to keep water that we need to keep water for us to live. I am hauling two to three loads of water every week." He suggested using the ditch line to run the waterline since some of the properties are in heirs and no one knows how to get ahold of them all.

David Hall from CBWS gave an update on all that they have been doing since the last meeting. Paul Nesbitt from Nesbitt Engineering gave his update on the following projects that they are working on for the city: Bates Block, Bates Block Phase 2, Water Plant Rehab Project, Telemetry Expansion Project, Sag Hollow Cabins/Subdivision, Cabins @Sag (AMLER Grant), Brewer Road Water Line Extension, Water Line Replacement Phase 3, Saul AML, Sewer Force Main Redirect Project and the Fish Creek Kayak Launch.

Ruth Hensley gave the CBWS Collections Report. A motion was made and carried to pay all bills as funding becomes available.

Booneville City Police Chief Claude Hudson gave an update of the things that he has done since the last meeting. These include but are not limited to: grand jury testimony, inside and outside school patrol, criminal trespassing complaints, illegal parking warnings, drug paraphernalia disposal, several alarm calls, multitude of traffic stops, motorist assists, vehicle unlocks, security detail at Farmers Market on Tuesday and Saturday (just ended last week), removal of dead animals from roadways and parking lots, welfare checks on folks, several calls from KSP and led a funeral.

A motion was made and carried to adjourn the meeting.

## Congrats Sam Dooley of Owsley County!

Kentucky's newest license plate celebrates the state's bluegrass music heritage. The initial and renewal cost is $44.00. It is now available in Owsley County Clerk's Office.
