Transfer pathways available at MCTC

MAYSVILLE, Ky. – Transfer pathways at Maysville Community and Technical College offer affordable, close-to-home options for individuals interested in obtaining a bachelor's degree.

In the 2024-2025 fiscal year, over 200 students transferred from MCTC to a four-year university after completing an associate degree in one of the college's transfer pathways.

"In many ways, students enrolled in our transfer pathways can improve their postsecondary education experience," said Dr. Dana Calland, Vice Chancellor of Academic Services. "Transferring from MCTC has the potential to save students time and money, while setting them up for a strong entry into today's job market."

Some of the top programs students transferred from were Elementary Education, Registered Nursing (RN), Associate in Arts, Associate in Science, and Associate in Applied Science.

Students have also successfully transferred into a wide variety of other programs, including Human Services, Social Work, Business, Marketing, Animal Sciences, and many others.

Over the past year, MCTC faculty and staff have worked closely with students to identify transfer opportunities and secure transfer scholarships at colleges and universities throughout Kentucky and the surrounding region.

Most commonly, students have transferred to Morehead State University (MSU), University of the Cumberlands, Northern Kentucky University (NKU), Eastern Kentucky University (EKU), and Southern New Hampshire University (SNHU).

Students have also transferred to the University of Kentucky (UK), University of Louisville (UL), Bellarmine University (BU), Shawnee State University, Berea College, and more.

For more information on transfer opportunities at MCTC, go to https://maysville.kctc.edu.

Election ...

rized paper application for an absentee ballot because of a medical emergency within 14 days or less of an election.

• W***ednesday, Thursday and Friday, Oct. 21, 22 and 23; and Monday, Tuesday and Wednesday, Oct. 26, 27 and 28 –*** Excused, in-person absentee voting: Qualified voters may make application to cast an absentee ballot during normal business hours during the six (6) business days immediately proceeding the Thursday of no-excuse, in-person absentee voting period.

• ***Tuesday, Oct. 27 –*** Last day to apply for a military-overseas ballot. A covered voter may use the declaration accompanying a federal write-in absentee ballot as an application for a military-overseas ballot simultaneously with the submission of the federal write-in absentee ballot if the declaration is received by the appropriate election official by the close of business hours seven (7) days before the election. An application for a military-overseas ballot for a primary, whether timely, is effective as an application for a military-overseas ballot for the regular election.

• ***Tuesday, Oct. 27 –*** Last day for any voter who has received an absentee ballot by mail but who knows at least 7 days before election day that he or she will be in the county on election day and who has not voted in the absentee ballot to cancel his or her absentee ballot and return it to the county clerk's office no later than 7 days before the election. Such voter shall vote in person.

• ***Thursday, Friday and Saturday, Oct. 29, Oct. 30 and Oct. 31 –*** In-person NO-EXCUSE absentee voting to be conducted in the county clerk's office or other place designated by the county board of elections and approved by the State Board of Elections.

• ***Tuesday, Nov. 3 –*** General Election Day. Polls open 6 a.m. to 6 p.m., prevailing time. Mail-in absentee ballots must be received by clerk before 6 p.m., prevailing time.

Additional Information

For additional information regarding General Election procedures, contact County Clerk Randy Williams or visit his office in the County Government Building located at 450 Prestonsburg St.

thank him for what he has done for this place. Andy stepped in there when we needed him and did what he could. I really appreciate the time that he did give when he came back."

Legg – a longtime employee who had resigned prior to the Oct. 15 meeting – was named as general manager in 2024 after Shannon Elam vacated that position.

The board has placed a job opening notice for the position of general manager in the Courier and on the Morgan County Water District Facebook page.

The notice can be found on page seven of this edition.

Chairman Adams indicated that the board had received a complaint, which Commissioner Ellen Motley said was in regard to "deliberations and decisions conducted without proper public notice and documentation."

"The only thing I think we've done without notifying the public was when we came up there and talked to Andy [Legg]," Adams said. "Which, you can't do that. It wasn't a meeting and we didn't discuss anything; it was just a courtesy to talk with him. We were in the wrong there … I went back and looked up the rules and we can't have meetings with employees. We'll make everything public from here on out."

Following Chairman Adams' remarks, the board entered into closed session to discuss personnel matters.

Upon returning to open session, Chairman Adams announced that the board took no action during the closed session and the meeting was adjourned.

Additional Information

The next regular meeting of the Morgan County Water District Board of Commissioners will be 6 p.m. Monday, Nov. 9, in the County Government Building at 450 Prestonsburg St.

KSP Post 8 traffic check point advisory

MOREHEAD, Ky., October, 1—The Kentucky State Police (KSP), Morehead Post would like to offer periodic reminders to drivers who travel our roadways. Our agency strives daily to ensure the safety of the motoring public. Some of these proactive measures include various roadside safety checkpoints and saturating known problematic areas in the district through general patrol tactics.

The Kentucky State Police utilizes traffic safety checkpoints to promote safety for motorists using the public roadways and to provide a deterrent for those who violate laws contained in the Kentucky Revised Statutes.

The intent of a traffic safety checkpoint is to provide high visibility, public safety service, focusing on operator impairment, vehicular equipment deficiencies (confirming appropriate registration and insurance of vehicles) and the valid licensing of drivers. Other violations of law and/or other public safety issues that arise will be addressed.

These checkpoints will allow the Kentucky State Police the opportunity to periodically concentrate its efforts in checking for violations of Kentucky traffic and regulatory laws that will ultimately increase the safety of the citizens within the Commonwealth.

Traffic Safety checkpoint locations in the Post 8 District may be located at our web site:
