Not your normal Days of Our Lives Recap

That lying scuzzball Joy Wesley knows her fake paralysis is about to be exposed so she gets all giggly and starts telling people she thinks she's getting some feeling back.

Xander remains hospitalized after diving in front of a bullet meant for his ex-wife Sarah, so he could score points with her. It worked.

Brady Black, who just has a *rotten, rotten* track record with relationships, overhears Sarah confessing her love to Xander in the hospital room. He later tells her their relationship is over. This frees him up for his next rotten relationship.

EJ, after having George's blood on his shirt and throwing it in the fireplace at DiMera mansion because he was out of Shout spray stain remover, has changed clothes and is trying to come to grips with his traumatizing evening. Like anybody who has witnessed a horrific murder, he enjoys a movie and popcorn with Cat Green. They get cozy when EJs adult daughter Sydnee comes in the room. She said she found a black feather in the yard.

This makes EJ all fidgety because he thought he saw someone outside earlier with a feather mask on, yet it never occurs to him to check his Blink or Ring camera because even though the DiMeras are supposed to be filthy stinking rich, they own zero security cameras.

Phillip Kiriakis, who has one leg, talks to Stephanie Johnson Kiriakis, whose dad only has one eye, about Joy possibly faking paralysis. Phillip tells her he found out she was taking muscle relaxers, which would affect tests by dulling reflexes and would facilitate her paralysis faking scheme, to keep Alex tending to her and so she doesn't have to dust mop and vacuum and stuff.

Back at Marlena's apartment, Belle and Marlena talk about Dominque Marino, a kid she forgot she had and who is a grown man now. Talk about misplacing things-car keys, reading glasses, a kid, a cell phone….

Marlena tries to get Belle to leave and go spend Halloween time with her boyfriend Chad and his kids, but Belle refuses to leave her alone and eats the good candy like the Reeses and Marlena is stuck with licorice.

A trick or treater rings the doorbell and Belle opens the door to find a little girl trick or treater, but a man wearing a mask with feathers briefly appears behind her and leaves.
