## Horoscope

FOR THURSDAY

ARIES (March 21-April 19) Today the Moon is in your sign, which makes you more emotional than usual. You feel a greater need to belong and relate to friends and loved ones. Meanwhile, be aware that your luck is slightly better today. Why not ask the universe for a favor? Tonight: You're in charge.

TAURUS (April 20-May 20) Today you'll be happy to take a back-seat or work alone, because you're happy with your own com-pany. Think about what is important you, what your values are. This is also an excellent day to shop for wardrobe items for your self. Enjoy time relaxing in a pleasant way. Tonight: Enjoy pri-

vacy. GEMINI (May 21-June 20) Friendships matter to you today. In fact, your interaction with a female colleague will be important to you. You might even feel protective or supportive toward this person. Admittedly, you might feel jealous if this person pays more attention to someone else. (It happens to us all.) Tonight:

CANCER (June 21-July 22) Today you might display more emo-tional sensitivity and empathy to the people you work with. You might even want to help someone through your job. However be careful of blurring the distinction between professional and personal relationships. Meanwhile, be aware that people notice

ou today. Tonight: Show respect. LEO (July 23-Aug. 22) Today you have a strong urge to get away from your daily routine and go off somewhere or do something different. This is totally appropriate. Travel if you can. If you can't travel, then be a tourist in your own city. Meet new friends from other backgrounds or foreign countries. Expand your horizons!

Tonight: Explore! VIRGO (Aug. 23-Sept. 22) Remember that you look good in the eyes of others now because the Sun is high in your chart. Meanwhile, travel for pleasure will appeal to you. Today in particular, shared property, taxes, debt and inheritances might be your focus. You might want something that belongs to someone else. Tonight: Check your finances.

LIBRA (Sept. 23-Oct. 22) Today the Moon is opposite your sign which will turn your attention to your most personal relation ships. It will also encourage you to express yourself, which could trigger a confrontation with someone. Be careful not to react in a knee-jerk fashion. Take time to process what's happening Tonight: Cooperate.

SCORPIO (Oct. 23-Nov. 21) According to the personal details of

your own life, you might find that you have to put the emotional considerations of someone else before your own today. This doesn't mean you're being a martyr; it's simply what's happen-ing. Focus on your personal health. Tonight: Get organized. SAGITTARIUS (Nov. 22-Dec. 21) Romance is strong and promising today. However, you might be wrapped up in your own feel ings and unaware of what someone else is undergoing. Be careful about being too possessive of someone. Accept invita-tions to socialize. Sports and playful activities with children will

appeal to you. Tonight: Socialize. CAPRICORN (Dec. 22-Jan. 19) Today you're focused on home, family and your private life. In fact, you might prefer to retire by yourself to your own private place and relax among familiar surroundings. It might become obvious to you how your habits and past conditioning are controlling your present life. Tonight:

AOUARIUS (Jan. 20-Feb. 18) Your communications with others are important to you today. You feel you have something to say to someone, and you want a chance to do this. (This is why you'll be impatient with superficial chitchat.) Don't let your emotions overrule your objectivity. Stay focused. Tonight: Conversation

PISCES (Feb. 19-March 20) You might identify more strongly with something you own today. This is why you'll be less willing to part with it or lend it to someone. You also might feel you have to defend yourself in areas where you really have nothing at stake. Tonight: Maintain vour belongings
