NOTICE OF INTENT TO MINE Pursuant to Application Number 866-0354, Renewal-2

In accordance with the provisions of KRS 350.055, notice is hereby given that B & W Resources, Inc., 300 Liperote Way, London, Kentucky 40741, has applied for a renewal of a surface coal mining and reclamation operation consisting of approximately 415.0 acres and located approximately 2.7 miles northeast of Lower McIntosh in Leslie County. The operation is located approximately 0.5 miles South East of the Hal Rogers Parkway and Lower McIntosh road intersection and 0.0 mile from Big Peavine Branch.

The proposed Renewal area is located on the Hyden East U.S.G.S. 7.5 minute quadrangle map. The operation will utilize the contour and area methods of surface mining. The surface area disturbed by this operation is owned by Kentucky River Properties LLC, Mountain Mission Foundation, Wayne & Anna Mae Engle, Blue Jean Engle, Land Resources & Royalties LLC, Archie & Paul Sizemore, Eldon Paul Begley, William S. and Marsha Detherage, Bill and Virginia B.Luttrell and Edward L. Clemons Estate-Leon L. and Sandra Hollon, Rachele B. Freeman, Rebeckah Freeman Adcock. The renewal application has been filed

for public inspection at the Department for Natural Resources' Middlesboro Regional Office, 1804 Cumberland Avenue, Middlesboro, Kentucky 40965. Written comments, objections or requests for a permit conference must be filed with the Director, Division of Mine Permits, 300 Sower Blvd., Frankfort, Kentucky 40601.

NOTICE OF BOND RELEASE

(1) In accordance with KRS 350.093, notice is hereby given that Detherage Minerals, Inc., 300 Liperote Way, London, KY 40741, has applied for a phase III bond release on increments 1, 3, 4, 5, and 7 of permit number 866-0330 which was last issued on 7/8/2024. The application covers an area of approximately 164.89 acres located approximately 1.70 miles East of Dryhill in Leslie County. (2) The operation is located approximately 0.11 miles south from Grassy Branch Road's junction with the Hal Rogers Parkway and located 0.17 miles north of Aces Branch. The Latitude is 37o 13' 51"N. The longitude is 83o 20' 11"W. (3) The surety bond now in effect for increment 1 is in the amount of \$43,200 and approximately 15% of the original bond amount is included in the application for release. The surety bond now in effect for increment 3 are in the amount of \$77,600 and approximately 15% of the original bond amounts are included

in the application for release. The surety bond now in effect for increment 4 is in the amount of \$11,000 and approximately 15% of the original bond amount is included in the application for release. The surety bond now in effect for increment 5 is in the amount of \$37,600 and approximately 15% of the original bond amount is included in the application for release. (4) Reclamation work performed for a Phase III release includes: The permittee has successfully completed all surface coal mining and reclamation operations in accordance with the approved reclamation plan, such that the land is capable of supporting the postmining land use approved pursuant to 405 KAR 16:210 or 405 KAR 18:220; and has achieved compliance with the requirements

of KRS Chapter 350, 405 KAR Chapters 7 through 24, and the permit; and the applicable liability period under 405 KAR 10:020, Section 3(2) has expired. Reclamation was completed in October of 2015 on increments 1, 4, 5, and 7 and May of 2018 on increment 3. (5) This is the final advertisement of the application. Written comments, objections, and requests for a public hearing or informal conference must be filed with the Director, Division of Field Services, 300 Sower Boulevard, Frankfort, Kentucky 40601 by September 6, 2025. (6) A public hearing on the application has been scheduled for September 9, 2025 at 9:00 AM at the Division of Mine Reclamation and Enforcement's Middlesboro Regional Office, 1804 East Cumberland Avenue, Middlesboro, KY 40965. The hearing will be canceled if no request for a hearing or informal conference is received by September 6, 2025.

Your Home Safety Checklist: Simple Steps to Keep a Safer, Happier Space

(StatePoint) Your home is more than just a place to live, it's where you create memories, unwind and feel most comfortable. Yet, many household items and systems can hide potential safety risks. "The good news is that by identifying and addressing potential hazards early, you can create a safer space for your family," says Christine Reed, Fire and Disaster Mitigation program manager at the International Code Council. As part of the recent International Code Council's Building Safety Month campaign, Reed is sharing basic tips for at-home electrical safety, fire safety and more.

the manufacturer's guidelines for charging, storing and disposing of these batteries, including using the charging cord that comes with the device. While charging, keep the device out of evacuation paths. Proactive Maintenance 1. Address Aging Plumbing Small leaks can quickly become big problems, leading to water damage and mold. By checking your plumbing pipes and fixtures regularly and addressing leaks right away, you can avoid major health risks and costs, and ensure your water systems are running efficiently. 2. Maintain Water Heater Systems Water heaters are often overlooked, but keeping them updated can save you time and money. Flushing your water heater annually removes sediment buildup, helping it run more efficiently and prolonging its

lifespan. 3. Prevent Mold Growth and Promote Clean Air By maintaining proper ventilation in damp areas like bathrooms and basements, you can prevent mold growth and improve your home's air quality. Use dehumidifiers or exhaust fans where needed and keep an eye out for dark spots or musty smells. Backyard Safety 1. Keep Pool Area Secure Install a fence around the pool with a self-locking gate and safely store pool chemicals out of children's reach. Always supervise swimmers to ensure their safety and your peace of mind. 2. Ensure Safe Outdoor Equipment Outdoor play equipment, grills and

yard tools should be checked regularly to maintain safe use. Ensure play structures are stable and free from sharp edges or rust, and keep tools securely stored to avoid accidental injury. Keep grills clean of grease buildup to reduce flare-ups. For more fire, water and electrical safety tips, as well as tips for disaster preparedness and sustainability, visit iccsafe.org. "Homes and buildings that have been updated to the latest building codes are better equipped to minimize the possibility and mitigate the effects of fire and other risks. Simple, proactive actions can help ensure continued safety and happiness of your family," says Reed.
