success in a diverse world.

Our staff of certified teachers, instructional assistants, therapists, counselors, case managers and college interns stands ready to welcome our students to school as they develop the

coping skills and mechanisms necessary to achieve success in college and career.

We pride ourselves on offering opportunities to students at every level of education, K to 12. Our phase system is designed to step students through a program of self-discovery and environmental under-

standing on their way to returning to their home school or graduating.

We provide alternative support through our Hardin County High School program, Virtual Program and in-person instruction. We have a set-

ting for any type of learning that helps students overcome the social-emotional barriers that have previously precluded them from achieving success.

Only by working together can we achieve success.
