FROM PAGE A1

Adams noted that cost for the service is \$12,000 a year and on a five-year contract. Since that cost would be split between the county and the city, each entity will pay \$6,000 annually.

Council member Cristina Marsh questioned the five-year commitment and asked if the contract could start as a one-year commitment in case the dispatch center, city and county decide that the service is not needed or not performing up to expectations.

Adams said the five-year contract was considered a way to lock in the cost at \$12,000 per year instead of having it perhaps grow every year. "They're trying to lock us into this price for five years," he said.

Council member Deidra Hays said the idea of the service is fantastic, but noted she has issues with downloading the app. "I don't know that it's going to be used enough to justify the cost," she said, also questioning what other access the app would have to phones.

Council member Jeff Dickow noted the service is "another resource" for the county to use in providing emergency services, and as long as the service is utilized and used by the community, then it's worth the price.

"I think that it will become, eventually ... like Life 360," Dickow said. "It will be a ... very widely used software."

Macie Miller, the council's teen member, agreed that the program "is a good resource to have." She noted her fear "of

**Public Hearing for Petition for Road Discontinuance**  
 The Carroll County Fiscal Court will conduct a public hearing on August 13, 2024 at 8:45 a.m., in the Carroll County Fiscal Courtroom, Carroll County Courthouse, 440 Main Street, Carrollton, Kentucky 41008, to consider the petition to discontinue and close a portion of Greens Bottom South Road that extends from its intersection with Joann Street to Kentucky Highway 389 in Carroll County, Kentucky.

**LEGAL**  
**Commencing over the coming weeks**, Trimble County Code Enforcement Officers will begin issuing initial Citation Notices as Courtesy Notices for infractions under applicable Zoning and Nuisance Ordinances. The newly enacted Trimble County Code Enforcement Ordinance, which became effective July 1, 2024, was established with the goal to more quickly and efficiently resolve nuisance and zoning ordinance infractions as civil matters, rather than through criminal proceedings. Courtesy Notices will allow all residences in receipt of a notice thirty days to correct the stated infraction(s) without being assessed a civil fine. As previously noted by Trimble County Judge Executive, John D. Ogburn, Jr., every effort will be made to assist any resident in a genuine position of hardship or health related need that could affect their capacity to comply with an infraction(s). For more information about the County's efforts to preserve the beauty of our rural, agricultural-based communities, please contact: John D. Ogburn, Jr. at (502) 255-7196. hspaxlp

**LEGAL NOTICE**  
**Child Find for Children with Disabilities in Need of Special Education or 504 Services**  
**Child Find**  
 The Trimble County School District keeps educational records in a secure location in each school and Board office.  
 The Trimble County School District obtains written consent from a parent or eligible student (age 18 or who is attending a postsecondary institution), before disclosing personally identifiable information to an entity or individual not authorized to receive it under FERPA.  
 For students who have been determined eligible for Special Education, educational records will be destroyed at the request of the parents when they are no longer needed to provide educational programs or services. The Trimble County School District may destroy the educational records of a child without parent request three (3) years after they are no longer needed to provide educational programs or services. Parents are advised that data contained in the records may later be needed for Social Security benefits or other purposes. The Trimble County School District may retain, for an indefinite period of time, a record of the student's name, address, telephone number, grades, attendance records, classes attended, grade level completed, and year completed.  
 Children eligible for Special Education include those children with disabilities who have autism, deaf-blindness, developmental delay, emotional-behavior disability, hearing impairment, mental disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, or visual impairment and who because of such an impairment need Special Education services.  
 Children eligible for 504 services include those children in a public elementary and secondary education program who have a current physical or mental impairment that currently substantially limits some major life activity which causes the student's ability to access the school environment or school activities to be substantially limited.  
 Children eligible for the State-Funded Preschool program include three- and four-year-old children identified with disabilities and four-year-old children who are at-risk, as defined by federal poverty levels up to 160%. Preschool children eligible for special education must have an Individual Education Plan (IEP) instead of a 504 plan to receive State-Funded Preschool program services.  
 The Trimble County School District has an ongoing "Child Find" system, which is designed to locate, identify and evaluate any child residing in a home, facility, or residence within its geographical boundaries, age three (3) to twenty-one (21) years, who may have a disability and be in need of Special Education or 504 services. This includes children who are not in school; those who are in public, private, or home school; those who are highly mobile such as children who are migrant or homeless; and those who are advancing from grade to grade, who may need but are not receiving Special Education or 504 services.  
 The Trimble County School District's "Child Find" system includes children with disabilities attending private or home schools within the school district boundaries who may need special education services.  
 The Trimble County School District will make sure any child enrolled in its district who qualifies for Special Education or 504 services, regardless of how severe the disability, is provided appropriate Special Education or 504 services at no cost to the parents of the child.  
 Parents, relatives, public and private agency employees, and concerned citizens are urged to help the Trimble County School District find any child who may have a disability and need Special Education or 504 services. The District needs to know the name and age, or date of birth of the child; the name, address, and phone number(s) of the parents or guardian; the possible disability; and other information to determine if Special Education or 504 services are needed.  
 Letters and phone calls are some of the ways the Trimble County School District collects the information needed. The information the school District collects will be used to contact the parents of the child and find out if the child needs to be evaluated or referred for Special Education or 504 services.  
 If you know of a child who lives within the boundaries of the Trimble County School District, who may have a disability, and may need but is not receiving Special Education or 504 services, please call Trimble County Board of Education or send the information to:  
**Director of Special Education**

 "Child Find" activities will continue throughout the school year. As part of these efforts the Trimble County School District will use screening information, student records, and basic assessment information it collects on all children in the District to help locate those children who have a disability and need Special Education or 504 services. Any information the District collects through "Child Find" is maintained confidentially.  
 Written Policies and Procedures have been developed which describe the District's requirements regarding the confidentiality of personally identifiable information and "Child Find" activities. There are copies in the Principal's office of each school, and in the Board of Education office. Copies of these Policies and Procedures may be obtained by contacting:  
**Marcia Dunaway**  
**Director of Pupil Personnel**  
**Trimble County Schools**  
**116 Wentworth Ave.**  
**(502) 255-5100 ext. 1012**  
 The District office is open Monday through Friday, from 8:00 a.m. to 4:30 p.m.  
 The Trimble County School District provides a public notice in the native language or other mode of communication of the various populations in the geographical boundaries of the District to the extent feasible.  
 If you know of someone who may need this notice translated to another language, given orally, or delivered in some other manner or mode of communication, please contact the Director of Pupil Personnel, the Director of Special Education or the Section 504 Coordinator at the address or phone number listed above for the Trimble County Schools.
