of WRECC and Amy Phelps of NCTC.

The two companies have partnered for six years, working together to install reliable fiber internet in Butler County and surrounding areas.

They currently serve five counties. WRECC provides the fiber infrastructure, while NCTC delivers services to homes.

NCTC offers Gig Speed Symmetrical, ensuring equal upload and download speeds, whereas some providers only offer Gig Speed Internet with differing upload and download speeds.

Additionally, NCTC provides phone service and wireless routers.

For more information on fiber internet, visit [fiberforbutler.com](http://fiberforbutler.com) or call 1-877-367-8550.

You can also scan the QR code located in the top corner of this newspaper's front page.
