						The rates contained in this notice are the rates proposed by KU, but the Public Service Commis-sion may order rates to be charged that differ from the proposed rates contained in this notice. A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602 establishing the grounds for the request includ-ing the status and interest of the party. If the commission does not receive a written request for intervention within thirty (30) days of initial publication or mailing of this notice, the Commission may take final action on the application.				
KU is proposing to split its wireline pole attachment charge into two charges, a two-user wireline pole attachment charge and a three-user wireline pole attachment charge.										
KU is proposing to add an adjustment clause called Renewable Power Purchase Agreement. This adjustment clause will recover the cost of renewable generation power purchase agreements approved by the Commission.										
KU is proposing to add an optional program called Pre-Pay. This program will give residential custom-ers with AMI meters the option of moving from traditional post-paid service to a deposit-free pre-paid service.										
KU is proposing to expand the Terms and Conditions rules for Deposits. This expansion looks to pro-vide clarity to the business processes surrounding deposits and makes deposits mandatory for custom-ers taking service under TODS, TODP, RTS, FLS and EHLF.										
KU is proposing to modify the Terms and Conditions related to Billing by making paperless billing the default option for new customers and for those whom the Company has an email address.										
KU is proposing a new tariff in its Terms and Conditions for Rules for Transmission-Level Retail Elec-tric Service Studies and Related Implementation Costs. This will apply to any proposed retail electric service requiring KU to submit a Transmission Service Request to its Independent Transmission Or-ganization.										
KU is proposing new terms and conditions for Net Metering Service Interconnection Guidelines.
