

## DECK THE HALLS WITH BOUGHS OF SAFETY

Follow these tips for a safe holiday season.

Here are some easy ways to ensure that you deck your halls free from fires, falls and fears:

- Never plug more than three standard-size sets of lights into an extension cord.
- Extension cords can occasionally over-heat. Periodically touch-test the cord. If it's hot, unplug it.
- Elevate outdoor extension cords' plugs and connectors with a brick to keep snow, water and debris out of the connections.
- Make sure your smoke detectors are in working order.
- It's lights out at bedtime and when you leave your house. That includes lights on your tree and other decorations. Lights can short and start a fire.
- When it's time to pack the lights away until next year, put them in a tight-sealed container that will keep them dry.
