NOTICE -SCHOOL REPORT CARDS

Each year, Kentucky schools publish School Report Cards (SRC) and post them on the Kentucky Department of Education website. Not to be confused with student report cards, School and District Report Cards provide information about each school and district, including test performance, teacher qualifications, student safety, awards, parent involvement and much more. The School and District Report Cards were established by statute KRS 158.6453 (20), and regulation 703 KAR 5:140. Additionally, the report card must incorporate the requirements of the federal Every Student Succeeds Act (ESSA).
School Report Cards help open the lines of communication between a school, the homes of its students and its local community. They provide an opportunity for schools to highlight their strengths and explain what they are doing to improve. Parents can use School Report Cards when they visit their child's school for conferences and other meetings.
Kentucky School Report Card (SRC) Dashboard highlights key topic areas and performance indicators at the school, district, and state levels. The SRC Dashboard is updated each fall and includes an online view of data for school years 2017-2018 through the most recent completed year. You may find Allen County Scottsville's School Report Card by visiting reportcard.kyschools.us
