

# Library News

By Ashley Norris, Director – Cumberland County Public Library

Hello everyone! Summer has been busy for us so far, from all of our summer reading programs, to our influx of patrons (since school is out). We love seeing our community use the library and participate in our programs!

We would like to thank the Cumberland County Extension Service for inviting us to come participate in the Longest Day of Play event that was held on June 20th. We had a great time, and it was nice to see all of the different organizations participate in order to make a great time for the kids.

We will be having our last summer reading program for June on Thursday, June 26th at 10 AM. We will be tie-dyeing beach towels, and having pizza! We will also be having a sweet treat. Since this program has the potential to be messy, please wear clothes that you do not mind getting dirty.

Since our summer reading program has been going so well, we

decided to have 2 more events in July! Our first event will be the Kentucky Reptile Zoo on Friday, July 11th at 10 AM. Please look for an announcement of our other July event soon.

# Tri-County Electric

“owned & operated by those we serve”

Tri-County Electric member-owners have several options to make paying your electric bill a little easier...

### LEVELIZED BILLING

averages those large winter and summer bills with the rest of the year to produce a much lower monthly bill. Best of all, the average is always current so there is no “pay-up” month.

Sometimes paying your electric bill would be a little easier if it was only due on a different date & sometimes a day or two matters.

That’s why

### DUE DATE SELECTION

allows you to choose the date that is best for you, giving you needed extra time while avoiding late penalties.

Too much on your mind or simply forget to pay your bill on occasion?

### BANK DRAFT

may be the answer. Sign up & we’ll draft your checking or savings account each month on the actual date your bill is due – not before – and you’ll never have a late charge.

Contact your local Tri-County Electric office or visit our website [www.tcemc.org](http://www.tcemc.org)
