CANCER (June 21-July 22) Conversations related to your job, travel, the law, publishing and medicine might be challenging today, because your feelings will hold sway over what you say. LEO (July 23-Aug. 22) Romantic arguments and disputes with kids might take place today, because your feelings are overrid-ing your intellect. Plus, you're worried about financial and prac-

Bidding quiz

You are South, both sides vulnerable. The bidding has been: North East South West 1 🛧 Pass Pass 1 🌢 Dble Pass What would you do now with each of the following four hands? 1. ♦ 9764 ♥ 87542 ♦ 86 ♦ 73 2. ♠ 752 ♥ O86543 ♦ 96 ♣ K9 3. ♠ KJ982 ♥ 762 ♦ K743 ♣ 10 4. ♠ 8 ♥ K964 ♦ K9875 ♣ J106

1. Two hearts. Normally when you pick up a hand like this, the best you can do is prepare to meet your Maker, but here you have a reasonable chance to come out alive.

Partner's double of one spade is for takeout, not penalties. He is asking you politely to bid, and you must respond. Your response does not promise values, because you are simply following orders. Hands where your partner would want to double one spade for penalties are much too rare for the double in this sequence to be treated as a penalty double. If partner wanted to defend against one spade, he would pass.

He would also pass with a minimum opening bid — especially one with three or more spades — having spoken his piece when he said one club. With a one-suited hand he would rebid his clubs, while with a two-suited hand he would bid his other suit. It follows that for his double, he must have support for all three suits aside from spades, making two hearts a tolerable resting place.

WE ACCEPT:

2. Three hearts. This is a much more promising hand, so it should be bid differently. Three hearts tells partner that, despite your previous pass, there is a chance for game. Partner might have a hand such as: ♠ 6 ♥ KJ92 ♦ A53 ♣ AQ872, and will happily carry on to four.

3. Pass. Partner has asked you to bid, but it is your prerogative to convert his intended takeout double into a penalty double when your hand merits it. In this instance it is hard to imagine a better contract for your side than one spade doubled played by East, so you pass.

4. Two spades. You don't have much in the way of high cards, but your hand may very well produce a game on the bidding. These glad tidings can best be conveyed by cuebidding the opponents' suit, thus asking partner to bid a new suit or rebid his clubs. Partner won't play you for a big hand since you passed one spade on the previous round and thus showed limited values.

If you play "negative" doubles over opposing overcalls, you had just enough to double one spade at your first turn; in that case, partner could then take control of the bidding from that point on, depending on the nature of his hand.

Tomorrow: The bidding tells the tale. ©2025 King Features Syndicate Inc.
