AG Coleman Calls for Immediate Banning of ‘Designer Xanax’ that is Killing Kentuckians

Office of Attorney General Russell Coleman

With dozens of overdose deaths in Kentucky involving a drug called the “Designer Xanax,” Attorney General Russell Coleman is calling on the Cabinet for Health and Family Services (CHFS) to take emergency action to ban bromazolam.

In a letter to Secretary Steven Stack, General Coleman urged CHFS to use its authority to immediately schedule the drug, which will then empower law enforcement to crack down on it in the Commonwealth.

Bromazolam is being passed off as prescription pills including benzodiazepines, which are commonly used to treat conditions such as anxiety disorders, insomnia, and seizures. Sold illicitly on the streets and online, bromazolam has proven to be both highly potent and even lethal, especially when combined with opioids or other central nervous system depressants.

Attorney General Coleman wrote to Secretary Stack, “We can immediately empower law

enforcement to crack down on the traffickers and distributors of this deadly drug. Your action could have an immediate and lifesaving impact on Kentuckians across our Commonwealth.”

The Northern Kentucky Drug Strike Force (NKDSF) contacted detectives with the Attorney General’s Department of Criminal Investigation (DCI) about a troubling increase of bromazolam pills flooding the Commonwealth. A

NOTICE CHILD FIND

The Edmonson County School District keeps educational records in a secure location in each school and Board office.

The Edmonson County School District obtains written consent from a parent or eligible student (age 18 or who is attending a postsecondary institution), before disclosing personally identifiable information to an entity or individual not authorized to receive it under FERPA.

For students who have been determined eligible for Special Education, educational records will be destroyed at the request of the parent when they are no longer needed to provide educational programs or services. The Edmonson County School District may destroy the educational records of a child without a parent’s request 7 years after they are no longer needed to provide educational programs or services. Parents are advised that Edmonson County School District may retain, for an indefinite period of time, a record of the student’s name, address, telephone number, grades, attendance records, classes attended, grade level completed, and year completed.

Children determined eligible for Special Education include those children with disabilities who have autism, deaf-blindness, developmental delay, emotional-behavior disability, hearing impairment, mental disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, or visual impairment and who because of such an impairment need Special Education services.

The Edmonson County School District has an ongoing “Child Find” system, which is designed to locate, identify and evaluate any child residing in a home, facility, or residence within its geographical boundaries, age three (3) to twenty-one (21) years, who may have a disability and be in need of Special Education. This includes children who are not in school; those who are in public, private, or home school; those who are highly mobile such as children who are migrant or homeless; those who are advancing from grade to grade, who may need but are not receiving Special Education; those who are wards of the state or are in state custody; and those who need transition planning conferences to ensure a smooth and effective transition from the early intervention program to preschool (see **Preschool Transition** procedures in IEP).

The Edmonson County School District will make sure any child enrolled in its district who qualifies for Special Education services, regardless of how severe the disability, is provided appropriate Special Education services at no cost to the parents of the child.

Parents, relatives, public and private agency employees, and concerned citizens are urged to help the Edmonson County School District find any child who may have a disability and need Special Education services. The District needs to know the name and age, or date of birth of the child; the name, address, and phone number of the parent or guardian; the possible disability; and other information to determine if Special Education is needed.

Letters and phone calls are some of the ways the Edmonson County School District collects the information needed. The information the school District collects will be used to contact the parents of the child and find out if the child needs to be evaluated or referred for Special Education services.

If you know of a child who lives within the boundaries of the Edmonson County School District, who may have a disability, and may need but is not receiving Special Education services, please call 606-497-8760 or send the information to:

“Child Find” activities will continue throughout the school year. As part of these efforts the Edmonson County School District will use screening information, student records, and basic assessment information it collects on all children in the District to help locate those children who have a disability and need Special Education. Any information the District collects through “Child Find” is maintained confidentially.

Written Policies and Procedures have been developed which describe the District’s requirements regarding the confidentiality of personally identifiable information and “Child Find” activities. There are copies in the Principal’s office of each school, and in the Board of Education office. Copies of these Policies and Procedures may be obtained by contacting:
