Planting by
the Signs
*Understanding moon
phases, zodiac signs
by Phil Case*

PERSONAL: Rather than my usual “PBTS Note,” I want to take a few lines to offer my condolences to the Warnick family at the passing of Mrs. Denny Warnick, the matriarch of the family and the long-time publisher of *The Gallatin County News*. My first contact with Warsaw and GCN was back in the late 1990s when I was calling various newspapers to try to get them to publish PBTS and I called the paper. Rather hesitantly I asked if “Denny” is a man or woman!

We laughed about that! She declined my offer then but a decade or

so later began publishing PBTS. Mrs. Warnick was 102 when she died, having led a long, productive and influential life. I’m glad our paths crossed, and we walked together by way of her newspaper.

I will miss her warm smile, ready laugh – and incredible class.

Now, Quick Takes and the March Overview. In the week ahead we will talk about early gardens and growing your own transplants for your warm and hot-weather gardens.

QUICK TAKES: Feb. 26: Fertile, Aquarius/legs, below-grounders; Feb. 27: VERY fertile, Pisces/feet,

below-grounders until moon changes; **Feb. 27: New/light moon comes to rule, 7:45 p.m.;** Feb. 28: VERY fertile, Pisces/feet, above-grounders; March 1-2: no planting, killing sign Aries/head rules; March 3-4: VERY fertile, Taurus/neck, above-grounders; March 5-6: Gemini/arms, pea-bean sign; March 7-8: VERY fertile, Cancer/breast, above-grounders.

March 9: Daylight Saving Time begins, 2 a.m.; March 9-11: No planting, killing sign Leo/heart rules; March 12-16: flowering signs, Virgo/bowels (2) and Libra/reins (3); **March 12, 14-15: Ember Days; March 14: Full/dark moon comes to rule, 2:55 a.m. EDT, below-grounders;** March 17-18: VERY fertile, Scorpio/secrets, VERY fertile, below-grounders; **Make changes: March 19 through most of March 27, nine perfect days**

March 20: Vernal Equinox, 5:01 a.m., Spring begins! March 19-25: Fertile, Sagittarius/thighs, Capricorn/knees, Aquarius/legs, below-grounders; March 26-27: VERY fertile, Pisces/feet; below-grounders; March 28-29: No planting, killing sign Aries/head rules; **March 29: New/light moon comes to rule, 6:58 a.m., above-grounders until full moon on April 12, 8:22 p.m.;** March 30-31: VERY fertile, Taurus/neck, above-grounders

NEXT WEEK: Cool-weather gardens and seeding to grow transplants for warm-weather gardens.

MARCH OVERVIEW MOON PHASES: March begins with the moon in the light phase where it continues until the full moon at 2:55 a.m.

March 14. The new/light moon returns March 29, 6:58 a.m.

When the light moon is in force, plant above-ground producers and it’s below-ground producers when the dark moon rules.

Don’t plant when either of the killing signs, Aries and Leo, is in force or veggies when the flowering signs Virgo and Libra rule since they are bloom days.

Planting when the fertile signs rule is a viable alternative to the VERY fertile signs, which are Scorpio, Pisces, Taurus, and Cancer. The fertile ones – just a little below VERY fertile – are Sagittarius, Capricorn, and Aquarius.

If you can only utilize one aspect of the system for planting, I would suggest going with the moon phases but still completely avoid the killing signs Aries and Leo and the flowering signs Virgo and Libra for anything but flowers.

THE SIGNS: Check to see if the moon is in the light or dark phase (information above and on any calendar) before planting anywhere, or other moon-related activities. Since March begins with killing days ruling, that’s where we will begin.

KILLING DAYS: Aries/head, March 1-2, 28-29; Leo/heart, March 9-11. There are seven days ruled by the two killing signs during March.

VERY FERTILE DAYS: Taurus/neck, March 3-4, 30-31, above-grounders; Cancer/breast, March 7-8, above-grounders; Scorpio/secrets, March 17-18,

below-grounders; and Pisces/feet, March 26-27, below-grounders. March has four days ruled by the VERY fertile signs under the dark moon for below-grounders, and six with the light moon in force for above-grounders.

PEA/BEAN DAYS: Gemini/arms, March 5-6, snow peas now; way too early for pole or bush beans.

FLOWERING DAYS: Virgo/bowels, 12-13; and Libra/reins, March 14-16.

FERTILE DAYS: Sagittarius/thighs, March 19-21; Capricorn/knees, March 22-23; and Aquarius/legs, March 24-25. Like April, there are seven days in March ruled by these three signs, all with the dark moon ruling.

MAKING CHANGES: We have nine complete days to make changes! They are March 19-27 with the signs going out of the body beyond anything that functions, specifically Sagittarius/thighs, Capricorn/knees, Aquarius/legs, and Pisces/feet.

Changes might include starting a diet or exercise program, stopping smoking or other unhealthy habits, weaning small children or animals, scheduling elective surgery or dental work – anything requiring us to do something differently from the way we are doing it now.

POURING GRAVEL: If you have gravel to pour on a drive or road on your farm, do that while the light moon rules, which is through March 13. After then wait until the new moon on March 29 through most of April 12.

OTHER NOTABLE MARCH DAYS: Fat Tuesday/Mardi Gras, 4; Ash Wednesday, 5; St. Patrick’s Day, 17; Wright brothers airplane patented, 1903, 23.

NOTICE

Kentucky-American Water Company provides notice of its requested adjustment of the Kentucky River Authority withdrawal fee. The fees contained in this notice are the fees to be proposed by Kentucky-American Water Company to the Public Service Commission no later than March 1, 2025, to be effective on March 31, 2025. The current fee, which applies to Residential, Commercial, Industrial, Other Public Authority and Sales for Resale customers, is \$0.0298 per 100 gallons. The requested fee, which applies to the same customer classes as the current fee, is \$0.0316 per 100 gallons. For all customer classes to which the fee applies, the requested fee is an increase of \$0.0018, or 6.04%, per 100 gallons. Average usage, in hundreds of gallons, for each customer class to which the fee applies is: Residential: 38; Commercial: 355; Industrial: 18,327; Other Public Authority: 1,294; and Sales for Resale: 11,837. The effect on the average monthly bill for each customer class to which the increased fee applies is: Residential: \$0.07; Commercial: \$0.64; Industrial: \$32.99; Other Public Authority: \$2.33; and Sales for Resale: \$21.31. Customers in Eastern Rockcastle County are not charged the fee, therefore are excluded from the calculation. Any person may examine this tariff filing at Kentucky-American Water Company’s offices located at 2300 Richmond Road, Lexington, Kentucky 40502, and on the utility’s website at <https://www.amwater.com/kyaw/>. This filing may also be examined at the Public Service Commission’s offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m., or through the Commission’s website at <https://psc.ky.gov>. Comments regarding this filing may be submitted to the Public Service Commission through its website or by mail to Public Service Commission, P.O. Box 615, Frankfort, Kentucky 40602. The fees contained in this notice are the fees proposed by Kentucky-American Water Company, but the Public Service Commission may order fees to be charged that differ from the proposed fees contained in this notice. A person may submit a timely written request for intervention to the Public Service Commission, P.O. Box 615, Frankfort, Kentucky 40602, establishing the grounds for the request including the status and interest of the party. If the Commission does not receive a written request for intervention within thirty (30) days of the initial publication or mailing of this notice, the Commission may take final action on the filing.
