NOTICE OF BOND RELEASE
In accordance with KRS 350.093, notice is hereby given that ERP Environmental Fund, Inc. (ERPEF), 216 School Drive, Shrewsbury, West Virginia 25015, has applied for Phase I bond release on Increment 7 of Permit No. 851-7009, which was last issued on 3 October 2023 (Permit 851-7009 MI-02). The application covers a total area of 11.0 acres, located approximately 0.5 mile east-southeast of Hebbardsville in Henderson County. The permit area is located approximately 0.5 mile south-east of the KY 351 junction with KY 416, and two miles south of the Green River. The bond now in effect for Increment 7 is Bond #N-082023-851-7009-7 in the amount of \$75,000.00, of which 49.7% (\$37,300) of that current bond amount is included in the application for release. For the Phase I release on Increment 7, the following steps have been completed: Completion of backfilling, regrading, topsoil replacement, and drainage control including soil preparation and seeding and mulching have been accomplished in accordance with the approved reclamation plan for this increment. These reclamation requirements were completed in May 2025. Written comments, objections, and requests for a public hearing or informal conference must be filed with the Director, Division of Mine Reclamation and Enforcement, 300 Sower Boulevard, Frankfort, Kentucky 40601, by Monday, 14 July 2025. A public hearing on the application has been scheduled for Tuesday, 15 July 2025 at 9:00 A.M. at the Kentucky Department for Natural Resources (KDNR), Madisonville Regional Office, 625 Hospital Drive, Madisonville, Kentucky 42431-1683. The hearing will be cancelled if no request for a hearing or informal conference is received by Monday, 14 July 2025. This is the final advertisement of the application. All comments, objections, or requests for a permit conference must be received within 30 days of today's date.

The World's Lightest Wheelchair

For those of us who've found daily activities becoming more challenging, there's a remarkable breakthrough in mobility that's changing lives. This ultra-lightweight wheelchair is nothing like the bulky and heavy models of yesterday weighing over 35lbs! - imagine gliding effortlessly through your garden again, joining your family at the park, or meeting friends for coffee, all without worry of fatigue or dependency. Why not take that first step toward renewed freedom? Your next chapter of independence is here.

Throughout the ages, there have been significant advancements in mobility aids. From canes to walkers, rollators, and scooters, these devices were created to help those with mobility issues maintain their independence. However, there haven't been any truly revolutionary new products in this field until now. Until now, that is, because a team of engineers has developed something that's set to change the game. They've created the world's lightest wheelchair, weighing only 13.5 lbs, a personal mobility solution that's been called a game-changer. It's called the **Featherweight Wheelchair**, and there is nothing out there quite like it.

The first thing you'll notice about the **Featherweight Wheelchair** is how light it is! This is the world's lightest wheelchair at 13.5lbs, making it possible for anyone to lift into a vehicle. It's modern design and custom color options make it very lightweight, durable, and great to look at.

Only 13.5 lbs!*

Why take our word for it? Call now, and **receive \$50 Off** when you purchase a **Matte Black Featherweight Wheelchair! Only \$599!** Mention CODE 50FEATHER to start your journey towards effortless mobility.

★★★★★ Lightweight wheelchair

It's so light weight that it's no problem to lift in and out of the back of my car. It's also easy to set up and collapse down. It is very compact and the wheels come off for compact packing alongside luggage or groceries etc. My Mom finds it very comfortable to ride in as well and enjoys the look. We both love it.
