NOTICE TO ALL NATURAL GAS CUSTOMERS OF THE CITY OF MORGANFIELD and THEIR NON-CUSTOMERS ALONG THEIR PIPELINE

1. Pipeline Facts: Transmission pipelines are made of steel covered with a protective coating and buried underground. Distribution lines can be made of either steel or high strength plastic and provide the final link in delivering the resources needed to heat our homes and businesses.

2. All natural gas appliances should be properly vented to prevent Carbon monoxide poisoning. In a confined space natural gas can deplete oxygen in the air and cause suffocation.

Public Notices

3. Natural gas is odorless, colorless and tasteless. The City of Morganfield, like most gas utilities, adds mercaptan odorants to all gas. The odorants are commercial blends of sulfur compounds with a distinctive "rotten egg" smell.

4. If you detect a natural gas odor coming from home or service line don't turn on a light, don't switch on any electrical appliance don't light a match, don't use a phone, alert others in the house and leave the area immediately. Call the City of Morganfield from a neighbors house or a mobile phone outside at 270-389-2186 7:00 a.m. to 4:30 p.m. Monday thru Friday or 270-389-4357 after hours. Give us your location, and stay there to let us in and give us the facts.

PUBLIC NOTICES

Public Notices

9. All contractors, excavators, landscapers, fence builders and land owners that are not controlled by the utility or its contractors MUST notify 811-Call center at least two full working days before beginning work. CALL BEFORE YOU DIG! Thank you for your cooperation,

The World's Lightest Wheelchair

For those of us who've found daily activities becoming more challenging, there's a remarkable breakthrough in mobility that's changing lives. This ultra-lightweight wheelchair is nothing like the bulky and heavy models of yesterday weighing over 35lbs! - imagine gliding effortlessly through your garden again, joining your family at the park, or meeting friends for coffee, all without worry of fatigue or dependency. Why not take that first step toward renewed freedom? Your next chapter of independence is here.

Throughout the ages, there have been significant advancements in mobility aids. From canes to walkers, rollators, and scooters, these devices were created to help those with mobility issues maintain their independence. However, there haven't been any truly revolutionary new products in this field until now. Until now, that is, because a team of engineers has developed something that's set to change the game. They've created the world's lightest wheelchair, weighing only 13.5 lbs, a personal mobility solution that's been called a game-changer. It's called the **Featherweight Wheelchair**, and there is nothing out there quite like it.

The first thing you'll notice about the **Featherweight Wheelchair** is how light it is! This is the world's lightest wheelchair at 13.5lbs, making it possible for anyone to lift into a vehicle. It's modern design and custom color options make it very lightweight, durable, and great to look at.

Why take our word for it? Call now, and **receive \$50 Off** when you purchase a **Matte Black Featherweight Wheelchair! Only \$599!** Mention CODE 50FEATHER to start your journey towards effortless mobility.

★★★★★ Lightweight wheelchair

It's so light weight that it's no problem to lift in and out of the back of my car. It's also easy to set up and collapse down. It is very compact and the wheels come off for compact packing alongside luggage or groceries etc. My Mom finds it very comfortable to ride in as well and enjoys the look. We both love it.
