years, this money is
gone..."

It was decided to renew the CD for 6 months for the remaining money after taking out enough to pay the bills.

Next was another closed session pursuant to KRS 61.810(1)(b) for property acquisition or sale. Upon their return approximately 20 minutes later, Judge

Wilson stated," The magistrates agreed to purchase the Cowan land going into the

county lake."

The land is not available yet, so Bragg made the motion to sign a 'letter of intent' to purchase the property. The motion was seconded by Miller and approved.

The October financial statement was approved with motions by Bragg and Crain. The budget transfer was also approved after motions by Crain and Hawkins.

Edwards then informed the court, "I did get an email yesterday from the state that we should receive our reimbursement for the \$60,000 on the chandelier project from the AOC sometime in the next few days."

Since County Attorney Howard arrived after the Solar Panel Ordinance was approved, she asked about the needed changes to the ordinance so that she could update it, and was given the needed changes.

With no other items to discuss, the meeting was adjourned.

The next regular meeting is scheduled for Thursday, December 11th, at 9 a.m.
