Valentine's Day -
Extend Love

Valentine's day is almost here and how many valentines will you have? In elementary school we traded Valentine cards. We actually had a big box and we stuffed it full of valentine cards to our classmates. If we received 20 or 30 valentine cards then we felt good because we had a lot of valentines.

You may or may not receive many cards this year if any at all. Nice cards are expensive as are flowers, candy and dinners. Whether you receive a Valentine card or not doesn't determine the number of people in your life you care about or who care about you.

Some people may determine their self-worth by how many friends they have on social media. Are they really your friends? Possibly you go to church with a lot of people you care about and who care about you. Maybe you still have several family members you are close to and who love you and you love them.

We have so much hate in the world. Political parties are filled with hate. Many Democrats hate President Donald Trump. Many Republicans hate former President Joe Biden. Some Republicans and Democrats hate each other. Some people hate Elon Musk. Some people hate or love the Philadelphia Eagles.

People hate former husbands, wives, girlfriends and boyfriends.

Hate is obvious in the world. In many of our major cities there is a murder every day. Too often more than one.

What does hate accomplish? It's a very negative emo-

Progress At Wellness Center Basketball Court

The above photo and following message was posted on the Morgan County Judge Executive's Office Facebook page on Feb. 7: "Exciting progress! Yesterday, Judge Executive Jim Gazay met with architects from Summit and the team from Hedrick Hardwood Floors to finalize the staining, colors, and final steps for the basketball, volleyball, and pickleball courts. We expect the courts to be finished by February 11 — just in time for the Gun Show on February 15 and 16! We can't wait to see our community back on the court." A polyurethane coating was also applied to the floor in the past week. Further updates regarding the court's opening will be noted as they become available.

Caney Valley
News

By Tracey Hatton

Hello again from Caney Valley! "This Little Light of Mine, I am going to let it Shine."

A neighborly hello to my sweet husband, Boone Hatton.

You may say, "Why do you need to give him a neighborly hello since you see him daily? I would reply that you never want to get in a rut or take your spouse for granted because life is too precious and it can change in a moment's notice. I asked him the other evening what his favorite Bible verse was, he said, "I have several."

One that he refers to often and means a lot to him is found in Romans 8:28, "And we know that all things work together for good to them that love God, to them who are the called according to his purpose."

As Christians, we know that we will experience the highs and lows of life. We also know that God is always with us! It is with joy that I celebrate this wonderful man, my husband, my best friend, whom God has blessed me with. I am proud and humbled to stand by his side as we serve the Lord together. I pray for the blessings of God upon our home.

I don't want to neglect telling Boone HAPPY BIRTHDAY and HAPPY VALENTINES DAY! Thank you, Boone, for being my Valentine. You have my heart!

Happy Valentine's Day to all. The greatest valentine that one can ever receive is allow-

ing Jesus Christ to live in their heart. Because God loved us, he sent his very best to be our savior, to provide us a life that is worth living. If you don't know Jesus Christ as your savior, you are like a dead man walking. When the love of God dips in your heart, it changes your life forever!

In John 3:16-17, "For God so loved the world, that he gave his only begotten son, that whosoever believeth in him should not perish, but have everlasting life. For God sent not his Son into the world to condemn the world; but that the world through him might be saved."

The heart of the gospel is found in these verses. God knew that we needed a Savior, and he provided his very best, his Son, Jesus!

As found in the book of Romans 1:16-17, Paul's letter to the Romans, "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek. For therein is the righteousness of God revealed from faith to faith: as it is written. The just shall live by faith."

One must understand that if you want and desire to make Heaven your home, then you have to have a relationship with Jesus Christ. There is no other way!

This is found in Acts 4:12, "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved."

Another scripture tells us in Hebrews 13:8, "Jesus Christ the same yesterday, and to day, and

for ever."

Let us now get to the heart of the matter, where do you stand with Jesus? You can't make Heaven your home if you don't have a relationship with Jesus.

Happy spiritual birthday to those who celebrated this past week. Congratulations to Piper Lawson on accepting Jesus Christ as her savior.

Happy birthday to those who celebrated this past week.

Feb. 10 — Thought for the week: A grateful heart and positive attitude can get you a long way.

Monday morning, February 10th, the sun is shining so bright. But, storms are predicted on the horizon. Let's not get weary because just around the corner Spring is awaiting. Can't wait.

We have had a rough winter, I think we are making up for the last few years where we barely had any snow or bad weather.

Recent visitors of Barbara Carpenter have been Tamera Tate, Kendall Carpenter, an Jason and Kristy Clark of Bardstown, Ky.

In memory of my Uncle

Harold Goodpaster (2-7-2020): you are missed very much.

Happy Birthday to my nephew, Dalton Lee Garrett Tate, who will turn 14 on Valentine's Day. You are very special to your family.

The writer and Barbara Carpenter attended the viewing at Potter Funeral home of Carol Cassidy, our neighbor. Prayers go out to her husband, Ray.

Prayers to all who have lost a loved one. And to the sick, those in hospitals and nursing homes. So much sickness in the land. Also, prayers and blessings for the hurting people that needs a touch.

center, and its processing plant consolidations that will result in the 60 regional processing distribution centers," Katz explains. PRC regulators said the initiatives lacked

planning and were unlikely to streamline work, increase efficiency and produce impactful savings.

Regulators noted how the USPS was "glossing over how much more significantly rural communities would feel the impacts of the changes," Katz reports. "Some populations will

not receive First-Class mail pieces for six or more days, it said. Those impacts may render the reforms in violation of the law, the commission added."

USPS has not responded to PRC's recommendations; however, DeJoy "previously promised to lawmakers he would take the PRC's opinion

seriously and tweak his plan as he saw fit," Katz writes. "PRC made more than three dozen recommendations for updating DeJoy's reforms. . . . Postal management also recently announced lower on-time delivery targets for 2025."
