### Grace Williamson

Grace Sawyers Williamson, 80, of Lick Creek, passed peacefully into the arms of her Savior, surrounded by her loving family. A devoted wife, mother, grandmother, sister and friend, she lived a life grounded in faith, love and unwavering strength.

Grace was born on July 7, 1945, in Grapevine, to the late Tom Sawyers and Ora Hunt Sawyers. She was a lifelong resident of Pike County and a faithful member of the Lick Creek Holiness Church for over 60 years. She was a hard worker, a faithful follower of Christ and a woman of quiet conviction who lived what she believed each and

She loved her family deeply, but she loved her daddy and thought there was no one like him. His memory remained a constant comfort and source of strength to her throughout her life.

She was preceded in death by her first husband, Teddy Abshire; and by her beloved husband of 45 years, Billy Williamson. She also endured the unimaginable loss of her precious daughter, Renee' Buchanan, whom she deeply adored.

In addition to her parents, she was also preceded in death by her brothers, Jonah Sawyers, Barkley Sawyers and Bennett Sawyers; and her sisters, Mary Smith and Lydia William-

Grace is survived by her loving children, Ronald Abshire (Tia), of Fedscreek, Dewana Phillips (Rick), of Meta, and Sharon Mullins (Richie), of Lick Creek. She

is also survived by her sonin-law, Billy Buchanan, of Prestonsburg.

She was a proud and devoted grandmother to Branham Buchanan, Weston Abshire, Sosha Pinson, Hayden Mullins, Rebekah Pinson, Luke Simpson, Kristi Rogers and Mason Abshire. Her great-grandchildren, Harper Mullins, Haylee Mullins, Sawyer Kress, Addisyn Pinson, Natalie Pinson and Chase Pinson, brought her endless joy and brightened her days.

Also left to cherish her memory is her loving sister, Olga Bickford, of Rockhouse; along with dear friends, Thelma Freeman and Barbara Miller, one who was like a sister and one who was like a daughter, and both remained by her side throughout life.

Mommy was a fabulous cook. Her fried chicken, gravy and homemade biscuits were unmatched; a true taste of comfort and love. No one could cook like Mommy and we sure are going to miss those meals gathered around her table.

Mommy was truly the strongest woman we ever knew. Through every challenge life brought her way, she met it with faith, courage and a fierce love for her family. Her strength, her love and her unwavering belief in God will remain an inspiration to everyone blessed to have known her.

Visitation will be held at the Lick Creek Holiness Church, in Lick Creek, where family and friends are invited to gather in remembrance and celebration of Mommy's life. Burial will follow in the Tom Sawyers Family Cemetery where she will be laid to rest among her loved ones.

"Well done, thou good and faithful servant... enter thou into the joy of thy Lord."

## Matthew 25:21

Though we grieve her passing, we rejoice in the promise of Heaven and the legacy of faith, love and strength Mommy leaves behind.

major win for the administration and the world.

However, we must also move forward playing a role, as well. We've spent a lot of money funding Israeli bombs that fell on Gaza. Are we just as committed to helping rebuild the area without ignoring the needs of our own citizens (i.e. helping to hold Israel responsible)? Are we committed to pushing back on Israel and letting them know that, post-Oct.7, 2023, they went too far and if they really want peace and not just another failed attempt to eradicate Palestine, they'll have to give?

Are we willing to do the hard work of working toward a lasting peace and being the key driver of that?

At one point, that would have been a given. How many times has Camp David served as the host to Israeli and Palestinian leaders as

peace was advanced as a real possibility?

However, we have to be sure that our approach to the world's stage isn't one that appears confused. It's difficult to broker peace when the world sees you changing your "Department of Defense" to the "Department of War."

President Teddy Roosevelt adopted and made famous an African proverb to describe his foreign policy: "Speak softly and carry a big stick." The United States has always been stronger in the world when this was the guiding principle and it's more vital than ever that the current administration harness all its divided internal forces to present a united and stronger front that is a force for good.

Blowing up boats bringing in drugs is a misuse of the country's "big stick," whereas building peace brings the greatest benefits, even if it clips the war hawks' wings.

strangers together. In every corner of Kentucky, city governments are helping create stronger bonds of community.

Whether large small, cities deliver an impressive range services, including sentials such as law enforcement, fire protection, street and sidewalk maintenance, trash collection, and cemetery upkeep. Many cities also operate utilities that provide clean drinking water, treat wastewater, and supply electricity, gas, or broadband service. Cities maintain parks and recreation programs where children play ball, families gather for picnics, and senior citizens find opportunities to stay active and engaged. These services, big and small, combine to make daily life safer, healthier, and more enjoyable.

Behind all these efforts are the men and women who choose to serve in city government. elected mayors Your and city legislative body members, as well as countless appointed staff and employees, work every day to make sure the quality of life in their community is as high as possible. Most do it for modest pay and little recognition. They often juggle their roles in public service with full-time jobs and family responsibilities. Yet they remain dedicated to helping their cities thrive.

That is why October's designation as City Government Month matters. It is more than a celebration — it is a reminder. Local government is the level of government closest to you. It is the most direct example of representative democracy in action. And it only works as well as the people who support and engage with it.

So this month, don't just recognize your city government; get involved with it. Attend a city council or commission meeting — volunteer for a local board, committee, or neighborhood project. Lend your time to community events, park cleanups, or youth programs. Reach out to your elected city officials and share your ideas. Simply saying "thank you" to a city employee or elected official can mean more than you realize. These small steps build stronger partnerships between citizens and the people who serve them.

Strong cities make a strong Kentucky, but that strength is not automatic. It is built, day by day, by citizens who care about their communities and by leaders who dedicate themselves to service. This October, let's commit not just to celebrating city government but to strengthening it together.
