KSP Announces Telecommunications Graduates

The Kentucky State Police (KSP) announced the graduation of 17 telecommunicators from the KSP Telecommunications Academy.

These individuals have been assigned to 10 posts across the state, where they will answer the call of service by providing critical com-

munication support to Kentuckians and law enforcement agencies.

KSP telecommunicators are responsible for dispatching state troopers, commercial vehicle enforcement officers, conservation officers and other emergency service agencies. Last year alone, they answered over 1.2 million calls, leading to more than 406,000 requests for assistance.

"Public safety will be strengthened thanks to the crucial function each of these graduates will provide as telecommunicators," said KSP Commissioner Phillip Burnett Jr. "It is an honor to welcome them to our agency, where they will serve as the vital link between the public and emergency responders."

The graduates of Class 25 completed 160 hours of instruction over four weeks, covering essential topics such as legal liability, telecommunicator authority limits, their role in public safety, interpersonal communications, customer service, stress management and PTSD, ethics and confidentiality, responder safety, basic fire dispatch, emergency operation plans, criminal justice information systems, first aid and emergency medical dispatch.

The Post 16 graduate of the 25th KSP Telecommunications Academy

included:

* Makenzie Guthrie

The mission of KSP is to promote public safety through service, integrity and professionalism using partnerships to prevent, reduce and deter crime and the fear of crime, enhance highway safety through education and enforcement, safeguard property and protect individual rights.
