### NOTICE

Appalachia Service Project (ASP) is a non-profit specializing in providing home repairs and replacement for income eligible households. ASP is headquartered in Tennessee and provides critical services across the Central Appalachian region. Repairs range from accessibility modifications, new roofs, added insulation, new floor coverings and many more - all in an effort to help make homes warmer, safer and drier. New homes are built when a home is unable to be sufficiently repaired.

Our partnerships with local and federal organizations are crucial in funding these projects, and ASP is seeking funding assistance from the USDA Rural Development for Housing Preservation Grants for work in various counties in Eastern Kentucky. If awarded, this specific partnership would allow ASP to further reach those living in the rural regions of Central Appalachia to assist with healthy and safe housing and work in accordance with USDA initiatives in the field.

For comment or more information, including a request to review proposed Statement of Activities to USDA, please visit [www.asphome.org](http://www.asphome.org).  
ASP complies with Equal Opportunity Housing Laws.
