Driver License Regional Office Pop-Up Event Returning to Carlisle County

By Laurna Todd,
KPI Writer

BARDWELL, KY — Carlisle County residents will once again have convenient access to driver's license services when the Kentucky Transportation Cabinet's Driver Licensing Pop-Up Event returns to the Carlisle County Community Room, located at 65 John Roberts Drive in Bardwell, on Tuesday, January 27. This traveling licensing service brings the same services offered at Kentucky Driver Licensing Regional Offices directly to communities that do not have a permanent office. Pop-up events help residents save

time and travel costs while still receiving full-service support. During the event, residents will be able to upgrade to a REAL ID, which is required for air travel and entry into certain federal facilities. In keeping with Team Kentucky's commitment to prevent identity theft and modernize services, Gov. Andy Beshear recently announced the launch of Kentucky Mobile ID. This secure digital version of a standard or REAL ID can be used at TSA checkpoints at more than 250 airports nationwide. The Mobile ID helps protect privacy by sharing only necessary information but does not replace

a physical driver's license, which should still be carried at all times. Additional services available at the pop-up include free vision screenings for renewals, the option to request an 8-year license if eligible, updating name or address information, and CDL renewals. Appointments are required and will be handled on a first-come, first-served basis. Registration opens January 13, and space is limited. To schedule an appointment, visit: <https://drive.ky.gov/Drivers/Pages/Pop-up-Map.aspx>
