THE WORLD'S LIGHTEST WHEELCHAIR

Meet the World's Lightest Wheelchair. The Featherweight Wheelchair.

If walking has become harder for you or someone you love, there's a new wheelchair that could make life easier. The Featherweight Wheelchair weighs just 13.5 pounds—less than half the weight of most wheelchairs. That means it's easy to lift into a car, take on trips, or use around the house.

It's not just light—it's strong, easy to push, and looks great too.

★★★★★ Lightweight Wheelchair

It's so light weight that it's no problem to lift in and out of the back of my car. It's also easy to set up and collapse down. It is very compact and the wheels come off for compact packing alongside luggage or groceries etc. My Mom finds it very comfortable to ride in as well and enjoys the look. We both love it.
