than you thought possible about your county, you may even hear a few names being mentioned that you know.

President Greg Hudson has laid out a time line for the upcoming book project that is expected to be completed later this year but they need your help. The Society is looking for pictures and information many have, that they may not realize is valuable to the county.

The Historical Society would like to go all the way back to the frontiersmen and early settlers to begin. There may even be some mention of famous frontiersmen like Daniel Boone being connected to Edmonson County. Working its way through early settlers, WWI and WWII, then they want to add Kyrock, Mammoth Cave, Nolin Lake and all areas of Edmonson County. Lastly they would like to list the small town famous State Champs Basketball Team, Jr. National Academic Team winners and any and all person

who made a mark in the country from our county, there are more than you think.

Stories of daily life to make you laugh will be appreciated and pictures from the county fair, churches, and county events, the older the better.

In short the Society is looking for anything and everything Edmonson County related. They have a scanner and can take pictures of your items so you can keep them while sharing the history with everyone else. If you would like to help or contribute you can attend a meeting held the 3rd Thursday of each month at 6:00pm in the Edmonson County Public Library or contact Greg Hudson at 270-991-3578 and arrangements can be made to view your items or pictures and hear your stories.

It's going to be a lot of work but there are some great people working to make this happen and with everyone's help it will be a success, after all, great things come from Edmonson County.
