## LETTER TO THE EDITOR

To the Editor:

I was doing repairs on a newly bought house in Hickman, which is not occupied. The April utility bill was \$90.20. On June 1, I received the May utility bill, which was \$21,698.39. The water usage was 25,768 gallons and the sewer 14,952.64.

I made six mile round trips to City Hall. I requested a meeting with the person in charge of the Water Department. The City Manager then entered and

said the computer error was caught late Fri., May 29 before the close of the business day.

My opinion is that all of this was unnecessary. Someone was in charge of entering the information into the computer.

A single phone call giving me a heads up could have prevented my cardiac arrest.

This gives me a picture of the prevailing attitude.

The real bill was \$65.11.
