

Rabies Vaccine Clinic Set for Sept. 12th

Garrard County pet owners will have an opportunity to protect their animals against rabies during a community vaccination clinic scheduled for Saturday, September 12.

The Rabies Vaccine Clinic will be held at Garrard County Middle School from 9 a.m. to noon. One-year rabies vaccinations will be available for \$10 per pet, with payment accepted by cash only. No appointment is necessary.

Organizers ask that all pets brought to the clinic be leashed or properly confined to help ensure the safety of animals, their owners and clinic personnel.

Rabies vaccination is required by law and remains an important part of protecting both animals and people from the disease. Rabies is a viral disease that affects the nervous system and can be fatal if appropriate treatment is not received promptly following an exposure.

Keeping pets current on their rabies vaccinations is important even for animals that do not frequently come into contact with wildlife. In Kentucky, rabies is associated with both skunk and bat variants, making vaccination an important preventive measure for domestic animals.

The clinic is being presented by Eubank Veterinary Clinic and the Garrard County Health Department. Residents with questions about the clinic may contact the Garrard County Health Department at (859) 792-2153.

Clinic information: Saturday, September 12, from 9 a.m. to noon at Garrard County Middle School. One-year rabies vaccinations are \$10 each, cash only. No appointment is required, and all pets must be leashed or confined.

Harmon’s Lick News

Psalms: 29/4 The voice of the Lord is powerful;The voice of the Lord is full of majesty. V.11 The Lord will give strength unto his people,the Lord will bless his people with peace.

Hello dear family and friends. I am sitting here at home, pretty much alone. John is resting in his room. Lucky is laying over here in a chair, just snoring away. She has to be the sweetest dog in the whole wide world (to us that is) I imagine lots of people feel that way, right Kaye and Guy? Your girls are so cute and sweet with those little dresses on. Little Cassie is probably spoiled rotten. She got to go on a truck ride with Guy and then the next thing we hear is that you have a new puppy, Sassy. I know how that is Kaye. When we first got Cinnamon, over 30 years ago, I was so crazy over her. She learned to sit, roll over, shake our hand and then we got to noticing, when she came in the house from outside, she would stop and rub her feet on a rug by the door. Our mother really got a kick out of that. Cinn was red headed and so beautiful. As the years went by, I got to neglecting her a little bit. When you are caring for four retired Veterans and a young daughter in school, you have to take care of them first.

For about 35 years, Kenneth and I had a full house. Now they are all gone on

and John is the only one left. John is such a good man. I don’t want to brag on him too much, he might go off the deep end. He is so intelligent. He used to work and help Ken at the farm. We were told by his Social Worker that work was the best therapy for John. Now he goes for the mail, takes the trash out to the truck and sometimes he sweeps.

Carolyn has three ladies that live in her home, Aileen, Sharon and Bethelene. For the past year or so, Sharon has had a terrible looking place in her head. They thought it was cancer. Sharon refused treatment!! Aileen has been telling Carolyn that Sharon’s head was healed. It is hard to believe sometimes. Carolyn noticed Sharon’s head a day or so ago and that awful looking place is gone. We Thank God for that!!

Jeanette and Dustin’s baby girl, Gracie had a cyst like place come up on her nose. It was swollen and all red and bad looking. They took her to Children’s Hospital in Lexington. The Doctor drained it and now it is back to normal. Jan told them that would be the best thing for Gracie. I do thank God for the miracles we have seen in our family just recently.

Our Dad had a Birthday on August 28th, just a few days ago. Dad, we three miss you and love you more than words could ever say.

Little Dannie’s lovely wife, Carole, had a birthday on September 1st. We wish you the best birthday ever, dear good niece.

Rodney Baker’s birthday

is on the first also. We love and miss you Rodney.

I got a really pretty birthday card from my cousin, Anna Saylor the other day, in the mail. Anna, you remind me a big lot of our cousin, Arnold Jr. He was so good about remembering

I was looking in some Kentucky Explorer Magazines that Janeffer and Todd gave us. I found this ad: Book For Sale Big Si’s mountain, Eastern Kentucky, 1920s, 1930s and 1940s. author Bart Barkley. If you have ever seen this book or know where it can be located, I would appreciate any information. You may call me at 1-859-792-4494.

Kenneth has had some very bad pain in his stomach. Angela took him to hospital on Monday. They told them he had an obstruction in his stomach. We were all worried about the upcoming surgery. Then Todd told us he had been praying for Ken and he believed Ken would be ok. Angela just called me from Danville where Ken had more x-rays. The Dr. told them the obstruction is gone !!!!! We sure do thank you dear God, for your mercy and love.

I better get up and help Kylee work a little bit. The kids are all coming up, also Janeffer, Todd and Carolyn to have pizza and cheesy bread with us to celebrate.

Another new house is going up on Harmon’s Lick. I’ll have to tell you more about that next time.

May God Bless us all.

Joyce

Archery From Front

letes during the board’s recent meeting, highlighting a season in which the team consistently ranked among the top competitors at its events and achieved milestones for both Camp Dick Robinson and Garrard County archery.

The team concluded its season June 20 at the NASP World Championships in Daytona Beach, Florida. Camp Dick Robinson placed third out of 31 teams in the bullseye competition and also earned a fourth-place finish in the 3D competition.

Individual archers also recorded notable performances at the world championships. Archer Hardwick posted a per-

sonal-best score of 284, finishing third among 393 elementary school boys. Charlie Pohl earned a top-10 finish among elementary school girls, placing sixth out of 329 competitors with a score of 275.

The world championship results capped a season marked by sustained success. Camp Dick Robinson competed in 21 events during the 2025-26 campaign and finished first in 15 of them.

From the beginning of practice, Grasham said, the students established an ambitious goal: winning a state championship.

They accomplished that goal March 14, when Camp Dick Robinson recorded a team score of 3,080 to capture first place at the Kentucky NASP State Championship. The victory represented a major milestone for

the district, marking the first time a Garrard County archery team had earned a state championship.

The achievement was the culmination of months of preparation and a season characterized by strong performances at competitions leading up to the state and world championship events.

During the recognition, Grasham praised the students for the work and determination that contributed to their success and congratulated them on their accomplishments throughout the season.

With a state championship, 15 event victories and a third-place world championship finish, the 2025-26 Camp Dick Robinson Archery Team closed its season with a record-setting chapter in Garrard County school athletics.

Garrard County Sweeps Danville Christian

By Ted Cox
tc Cox@garrardcentralrecord.com

Garrard County High School earned a decisive road victory over Danville Christian Academy on Monday, August 24, sweeping the Lady Warriors in three sets at the Danville Christian Academy Gym in Danville.

Garrard County controlled the match from the opening set and secured the 3-0 victory with

set scores of 25-14, 25-15 and 25-17.

The visitors established the tone with an 11-point victory in the first set, taking it 25-14. Danville Christian attempted to respond in the second, but Garrard County maintained its advantage and won 25-15 to move within one set of completing the sweep.

Danville Christian produced its closest result of the night in the third set. Garrard County,

however, again kept the Lady Warriors from extending the match, closing out the set 25-17 and completing the straight-set victory.

The result moved Garrard County to 2-2 on the season, while Danville Christian Academy fell to 0-2.

The match was played at Danville Christian Academy Gym, located at 2170 Shakertown Road in Danville.

Mercer County Sweeps Garrard County

By Ted Cox
tc Cox@garrardcentralrecord.com

Mercer County High School earned a straight-set victory over Garrard County High School in girls varsity volleyball Thursday, Aug. 27, defeating the host Lady Golden Lions 3-0 at Garrard County Middle School.

Mercer County controlled the match by scores of 25-22, 25-18 and 25-9, improving its record to 5-3. Garrard County fell to 2-3 with the loss.

The opening set proved to be the most competitive of the

night. Garrard County stayed within striking distance throughout the frame, but Mercer County secured the points it needed late to claim a 25-22 win and take a 1-0 advantage in the match.

Mercer County created more separation in the second set. After facing a three-point margin in the opener, Garrard County was unable to keep the second set as close, with Mercer County winning 25-18 to move one set away from completing the sweep.

The third set produced the widest margin of the match.

Mercer County closed out the evening with a decisive 25-9 victory, giving the Lady Titans three consecutive set wins and the 3-0 match victory.

Across the three sets, Mercer County outscored Garrard County 75-49. The Lady Titans’ margin increased in each successive set, from three points in the first to seven in the second and 16 in the third.

The result moved Mercer County two games above .500 at 5-3, while Garrard County’s record dropped to 2-3.

The match was played at Garrard County Middle School.

Please contact Laura McWilliams at 859-792-3424 for more information.

Senator Donald Douglas

Douglas Named Reason Foundation Lawmaker Of The Year

Senator receives national recognition following passage of landmark ibogaine research legislation

Sen. Donald Douglas, R-Nicholasville, was recognized by the Reason Foundation as a Lawmaker of the Year for his leadership on Senate Bill 77 and his efforts to advance innovative, science-driven approaches to addiction and mental health treatment in Kentucky.

Douglas was presented with the award from the Reason Foundation during the National Conference of State Legislatures' Legislative Summit.

Senate Bill 77, sponsored by Douglas during the 2026 Regular Session of the Kentucky General Assembly, establishes a research framework for ibogaine-based treatments. The legislation creates a structured

pathway for Kentucky to explore the clinical potential of ibogaine in treating opioid use disorder and other substance use disorders, with potential future applications for conditions such as post-traumatic stress disorder, traumatic brain injury and additional neurological or mental health challenges.

"I am incredibly honored to receive this recognition," Douglas said. "This award reflects the importance of continuing to look for new solutions to some of the most difficult challenges facing Kentucky families. Substance use disorder has taken far too much from our communities, and we have a responsibility to pursue promising treatments

through responsible research, strong safeguards and sound science."

Senate Bill 77 allows the commonwealth to partner with qualified drug developers conducting FDA-approved clinical trials while establishing standards for patient safety, transparency and regulatory oversight.

Following a gubernatorial veto, the General Assembly reaffirmed its support for the measure and overrode the veto on April 14, allowing Senate Bill 77 to become law.

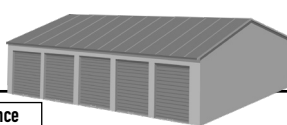

"This legislation was never about taking shortcuts or getting ahead of the science," Douglas said. "It is about making sure Kentucky is not left behind as researchers explore treatments that could potentially save lives. We created a responsible framework that prioritizes patient safety while allowing our commonwealth to participate in research that could make a meaningful difference for families in Kentucky and beyond."

The Reason Foundation is a nonpartisan public policy research organization that conducts research and engages with policymakers, journalists and opinion leaders on a range of public policy issues.
