

# Soy key to July 4th picnic favorites

SUBMITTED

By now you know that soybean meal is used as animal feed, nourishing poultry and livestock at all growth stages before it enters the food system. But did you know that your side dishes likely have soybean oil as an ingredient?

If potato salad, deviled

eggs, creamy pasta salad or coleslaw are on your menu, Kentucky's soybean farmers probably had a hand in helping get that dish to the picnic table. Whether your favorite recipe calls for

mayonnaise or Miracle Whip, soybean oil is one of the top two ingredients on the Nutrition Facts panel in most commercial brands.
