With the assistance of Mrs. Shelly Rogers, Bonnieville Kindergarteners highlighted their musical talents.

the bids for the parking lots at Hart County High School and Cub Run School to be sealed and striped this summer as part of the district's maintenance rotation.

The Board unanimously voted to amend Board Policy 03.13251. The Board created this policy in 2010 to begin random drug testing both students and staff throughout the school year. This amendment will do away with random drug testing for staff due to updated policies and procedures.

"I'm happy to report that in fifteen years of randomly testing staff members, there has not been one employee who received a non-negative test result," explained Chenoweth. "The Board already has policies in place that require new employees to pass a drug test. Board policy also provides the capability to have any staff member drug tested if there is reasonable suspicion that an employee is using or is under the influence of drugs or alcohol. Additionally, with the passage of new legislation that went into effect on March 30, 2026, an employee who drives a district van will now be subject to the same DOT random drug testing procedures that bus drivers are already subject to monthly. With all of this information, the Board was asked to amend this policy to only reflect random drug testing of students beginning with the 2026-2027 school year."

Following a recommendation from Leslie Jeffries, Chenoweth stated he would consult with

the Sheriff's Office and SROs regarding impairment training for administrators.

The Board also approved the 2026-2027 Certified, Classified, Increment/Supplement, Certified Substitute, Classified Substitute Salary Schedule. This salary schedule represents a 1% raise for all salaried and hourly employees and increases to most supplemental stipends (coaches, etc).

Recognitions/Presentations

Recognitions kicked off with Cub Run Principal, Daniel Hawkins, accepting the March Attendance Award and travelling attendance banner on behalf of his school.

Bonnieville Music Teacher Shelly Rogers presented a Kindergarten musical selection, as well as a performance by The Beta Bees. Additionally, Principal Kurtis Wright recognized Rogers for her work with the school's Rock Band and for always going above and beyond for her students.

Wright also recognized the Academic Teams for recent successes, as well as Elementary and Junior Beta Club Members.

Andrea Nichols was recognized as a Community Partner, as was the Bonnieville manufacturing company, Oscarware.

Educational Highlights

Supervisor of Instruction Megan Crump highlighted the Raider Ready Skills demonstrated by the students and staff of Bonnieville School, specifically regarding the skill of Critical Thinking.

"We're excited to continue to see this growth," said Crump.

Supervisor of Instruction Dana Barrett presented the GATS Report for 2025-2026, which included 122 elementary students, 144 high school students, and 77 students in the Primary Talent Pool.

Communications

Board Chairperson Andrea Robertson thanked Director of Transportation Greg Ard for his diligent work throughout the district.

She also thanked Brian Weber and Hart County Solid Waste for their donation of a recycling trailer and attached can crusher to stay at Legrande School for community aluminum can recycling needs.

"On behalf of Legrande PTA, we want to thank Mr. Brian Weber and the Hart County Solid Waste for donating the recycle trailer," said Robertson. "That's going to be a little bit of an income to our students and everything will go to their programs, so a shout out to them for working with us to make that happen. We appreciate it."

Chenoweth recognized the Hart County band and art students for recent successes, announced the addition of 2 new bus drivers, and noted that spring sports are nearing their mid-season mark.

There were no public comments.

Upcoming Meetings

On May 26, the Board will host a special called meeting at the Central Office to hear from architecture firms regarding the District Facility Plan.
