## Duties of City and County Officials

BY PJ MARTIN  
EDITOR  
THE HERALD-NEWS

Recently someone asked me what a specific county office was responsible for. So, to better understand the duties of our elected officials, we have compiled a basic summary of each job.

**Judge/Executive**  
The judge/executive is the chief executive of the county and has the primary responsibility for the administration of the county government. He/she is responsible for executing the ordinances, resolutions, and contracts entered into by the fiscal court.

**County Clerk**  
The duties entail recording and keeping various legal

records, registering and purging voter rolls, conducting election duties, and conducting delinquent tax duties. Register motor vehicles within the county, produce vehicle certificates of registration in their office and certificates of title in Frankfort, sell hunting and fishing licenses, and issue marriage licenses.

**County Attorney**  
County attorneys serve as legal counsel for the county government, attend and conduct all business of the fiscal court, and conduct all civil actions pertaining to the rights or interests of the county.
