

Treasures by Wilma Erwin

Picture being invited to a wedding and having to RSVP. You really do want to go, but you think there is plenty of time.

You see the invitation on the table from time to time and intend to take the time to respond and reserve your place. You remember the urgency from the bridal party to respond so proper preparations can be made to receive you.

Before you know it, the wedding date is here, and you forgot.

You figure, "I will just go, and surely they'll let me

in. After all, I was invited. They have prepared for so many; one more won't matter."

So, you clean yourself up and put on your best clothes. You look in the mirror and think, "I look so good, there's no way I'm not getting in."

The wedding is at a beautiful, gated private estate. You can't wait to see what's on the inside. This is going to be a special night, and it costs you nothing.

Then, there's a problem.

At the gate, they ask your name and tell you that

you're not on the list. You tell them you were invited. You describe the beautiful invitation and all your best intentions.

No matter how much you argue, they send you away, telling you that it was your responsibility to accept the invitation.

That's Heaven. God wants you there. He sent you the invitation. His

name is Jesus.

All you have to do is accept it. Not after you clean yourself up. Not when you "look" presentable, the way you think you're expected to look.

No, you have to accept before it's too late. Otherwise, you're not getting in.

Blessings on accepting Jesus as Lord and not waiting until it's too late.

LEWIS COUNTY NUCLEAR ENERGY READY COMMUNITY CERTIFICATION

Public Meeting Educational Seminar

**Saturday, October 3, 2026
5:00- 7:00 p.m.**

Lewis County High Gymnasium
79 Lions Lane
Vanceburg, KY 41179

The public is invited to attend this free community educational seminar to learn more about economic development opportunities, workforce development, and the Nuclear Energy Ready Community Certification process. This meeting will be setup as a come and go event as you like, with multiple stations and demonstrations that will provide opportunities to speak one-on-one with Industry researchers and experts.

Lewis County does not have a Nuclear Project being developed. Buffalo Trace Area Development District is only facilitating the public education activities for the community certification so our communities are informed and prepared to participate in future Economic Development Discussions as they arise in the future. The Nuclear Energy Ready Certification is not approval of any project, and does not mean that everyone agrees. The Certification provides a path for continued community engagement and education as projects may arise in the future.

Everyone is welcome and encouraged to attend.
