Summer meal program wraps ahead of new school year

BY MESSENGER STAFF

Mayfield Independent Schools recently wrapped up its summer meal program, funded by the U.S. Department of Agriculture’s SUN Meals program.

The school system thanked everyone who made the program a success in a July 16 social media post.

“A summer of full plates and full hearts,” the school system wrote on social media. “These are the days, where we serve together, nourish our community, and show what Mayfield is made of.”

The program required the collaboration of the school system’s nutrition and food service team, volunteers, farmers and community partners, according to the school system.

Meals must adhere to federal requirements, with bulk to-go meals intended to cover the full week. Students received a hot meal along with six lunches, seven breakfasts, and a gallon of milk with each pick-up. Federal reimbursement for the program is dependent on participation.

Signups for the summer meal program open in May.
