

CARROLL

FROM **PAGE A4**

Junior quarterback Jami-son Isley passed for nearly 600 yards last season but Trimble graduated its top three receivers and Isley transferred across the Ohio River to Madison where he is listed as a linebacker and running back for the Cubs.

That leaves Trimble with two quarterbacks on its roster — freshman Noah Sandusky, who also plays cornerback and is a kick returner, and sophomore Kane Walls who also sees

time at wide receiver. Walls is a returning all conference selection as are Silas Sandusky, a verstaile tailback/safety/kick returner who accounted for half of the Raiders' offense last year, and senior lineman John Whittaker, senior linebacker William Mallory, senior lineman/punter Chris Rostan, and junior half-back/linebacker/kick returner Moses Sandusky. Trimble opens the season on Friday when it heads to Class 1A, District 4 foe Bellevue. The Raiders' home opener is Aug. 28 against Class 3A Carroll County.

CASES

FROM **PAGE A3**

characteristic measles rash typically appears three to five days after symptoms begin, usually on the face before spreading down to the rest of the body. According to KDPH, the first dose of measles vaccine is routinely administered as part of the measles, mumps and rubella vaccine that should be given to children at age 12 months through 15 months at the earliest opportunity. A second dose should be given

at age four years through six years. Together, these two doses of MMR vaccine are 97 percent effective against measles according to the American Academy of Pediatrics and other experts. Public health officials are working to identify sources of exposure, identify cases and report all measles cases associated with the outbreak
