

Welcome back to school!

There were a few drops from the skies — and a few drops from the eyes — but overall a successful opening day for Bullitt County Public Schools.

New weapons detection systems at each of the high school entrances did not cause any major issues, other than a slight delay into the buildings.

Traffic also caused some slight delays, but nothing unexpected for opening day.

Most of the heavy rain stayed away from the area, with most students inside their classrooms before the weather turned.

For the curious students, families and school administrators, Fall Break is scheduled for Oct. 5-9. The last day before winter break is Dec. 18, with Spring Break occurring Apr. 5-9. Weather permitting, the last day of classes will take place May 26.
