Youth Football from the first week of action

SHEPHERDSVILLE -- Once again this season The Pioneer News will run the results from the Greater Bullitt County Youth Football League in each Thursday edition during the season.

The statistics used each week are provided to the newspaper by the league and the individual teams. Questions about yardage, scoring and tackles should be directed to the league and those teams.

Stat keepers and coaches are asked to make sure that the following information is included on each stat sheet: their team's name, their opponent's name, age division and the final score of the game. Also, yardage for rushing, passing and receiving are needed and should be totaled. Rushing yards include only the yards from the line of scrimmage (do not add in punt and kick-off return yardage to rushing yardage). Those players scoring points should also be noted.

Players' first and last names (actual names, not nicknames) should also be provided.

Any stat sheets not turned into the league office by the end of play on Saturday can be delivered to The Pioneer News office in Shepherdsville on Sunday (there is a drop box located next to the door to drop off those stat sheets). Stat sheets can also be faxed to 955-9704 or the information can be emailed to editor@pioneernews.net. All stat sheets must be in the Shepherdsville office by noon on Monday.

It is very rare that space will allow us to run results that are not in our office on the Monday following the games.

In addition, coaches are reminded that The Pioneer News does not retain copies of the stat sheets after publication so there are no stat sheets available at the end of the season.

SHEPHERDSVILLE — Mother Nature cooperated with the Greater Bullitt County Youth Football League over the weekend as the skies were clear and the temperatures receded from unplayable conditions if the league had started the season a week earlier.

For most of the past 49 fall youth football season, I have had the responsibility of turning stat sheets into football results for the league. The start of every new season is difficult until everyone gets into a routine and new stat keepers learn their duties. That said, this was the most difficult opening week in memory.

Stat keepers, please READ the opening and what is needed on each stat sheet. If you have yardage in the passing column, there has to be a balance between the quarterback's yardage and the yardage of the receivers.

JNM

Jones, Nale & Mattingly PLC

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and the City Council
City of Hunters Hollow, Kentucky
Hunters Hollow, Kentucky

Report on the Audit of the Financial Statements
Opinions
We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Hunters Hollow, Kentucky, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City of Hunters Hollow, Kentucky's basic financial statements as listed in the table of contents.
In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the City of Hunters Hollow, Kentucky, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.
Basis for Opinions
We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Hunters Hollow, Kentucky and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.
Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Hunters Hollow, Kentucky's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.
Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.
In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Hunters Hollow, Kentucky's internal control. Accordingly, no such opinion is expressed. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Hunters Hollow, Kentucky's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.
Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 12 through 13, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.
Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basis financial statements. Such missing information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing infonnation.
Other Reporting Required by Government Auditing Standards
In accordance with Government Auditing Standards, we have also issued our report dated May 20, 2026, on our consideration of the City of Hunters Hollow, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Hunters Hollow, Kentucky's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering City of Hunters Hollow, Kentucky's internal control over financial reporting and compliance.
