

WEBSTER COUNTY SCHOOLS health services staff, school and district administrators, and school resource officers were trained to Stop the Bleed on Monday, October 19th. Owensboro Health provided the training. According to the American College of Surgeons, severe bleeding is the number one cause of preventable death after an injury because uncontrolled bleeding can cause death in as little as 3 to 5 minutes. This training teaches how to respond during life-threatening emergencies to help the injured before emergency responders arrive.

“I Don’t Like The Way Young Adults Are Changing Church!”

Q: Young couples coming into our church are pushing for more praise songs instead of hymns. They sometimes wear shorts to Sunday morning church and go into classes and worship with a coffee cup in their hand. I don’t like these new ways. My Sunday school class has told the pastor, “We’re not comfortable with these new things.” Should I go to another church?

A: I understand where you are coming from. I, too, am of the older generation. I’m more comfortable with how we did church in the 1950’s, 60’s, 70’s,

and 80’s. Life and cultural preferences have changed and so has how we do church worship. Change is hard for most of us, but change can be as good as or better than previous ways.

Don’t change churches, instead why not try to see things from the younger folk’s perspective. When you do, I encourage you to be gracious about accepting the new ways that younger people want to incorporate. After all, we’ll soon die out and the younger people will be the church. The important question is, “Are the new ways of doing things in church bringing glory to God?”

One of the essentials for Christian living is to

do what benefits others, even when it means letting go of our own preferences. The Scripture insists, “No one is to seek his own good, but the good of the other person” (1 Cor. 10:24). When we stop insisting on our own way and start seeking the good of others, we’ll make far greater strides for our beloved Savior.
