

TEXAS TIDBITS

Farming is slowly fading in our local communities, yet those still working on farms do still enjoy going to the famous National Farm Machinery Show held in Louisville, Kentucky, for over sixty years. When the ice and snow was gone, many locals were there checking out the latest farm equipment. It's always fun to win a prize, just ask Cathy Bishop of Texas Loop Road about her free trip to Lincoln Perk Coffee recently. Congratulations to Savannah Hartley third grader at North Washington Elementary School on being honored as one of the students of the month. The history of our fine county is always interesting when one takes time to read and learn. Recently renewed the facts of our historical courthouse located on Main Street in our small county sear town of Springfield. The first courthouse built with logs in January of 1794, burned down in December of the same year. The second courthouse was built in 1797, also was destroyed by fire. The third and the

NORMA GOODE

present building was completed in 1816, built with bricks and mortar and was white washed. The dome was added in 1840, later in 1918 the colonial porches were added. The brick you see today is the original look of this historical courthouse erected in 1816. Still in use for offices, meetings, and a museum. QUOTE of the WEEK: "To live in the world today and be against equality because of race or color is like living in Alaska and being against SNOW." William Faulkner
