

Milton discusses EV charge station

BY KARLY CODE
THE TRIMBLE BANNER

Milton City Commissioners last week discussed a proposal to locate a Mobile Electric Vehicle Power Access Container (MEVPAC) in the city limits.

The report took place at Thursday's Commission meeting and followed a similar discussion that took place at Trimble County Fiscal Court's most recent meeting. The proposal would locate a mobile electric vehicle charging station at a location to be

determined on the Milton side of the Ohio River bridge, and would be the only station of its type between Louisville and Northern Kentucky.

The city would not be involved in the maintenance or operation of the chargers but would lease land for the project at a 5 to 7-year period.

Representatives from MEVPAC have expressed interest in land near the Milton boat ramp but the final location, if approved, might need to be in a dif-

ferent area due to space concerns.
