The 7th grade team did not qualify for the postseason. Though the 6th-grade team fell to LCA, finishing 8-1, their regular-season success helps explain why both they and the 8th-grade squad could host a postseason matchup.

Coach Sharrock explained further.

“Teams from all over the state enter. You’re seeded based on your performance during the season, and then you’re matched up based on geography and regions,” he said. “You play through your region, eventually into the semifinals, and the state championship.”

In the victorious 8th-grade contest, the Cards built a solid lead thanks to quarterback play from Brady Mattingly and running from the likes of Kiinan Herring.

After Herring scored a touchdown early in the fourth quarter to give the team a three-touchdown lead, the Cards looked poised to put the game away with a four-touchdown lead on the

ensuing possession.

However, a fumble into the end zone resulted in a touchback and turnover.

East Jessamine quickly scored, briefly creating tension.

However, the Cards marched down the field and scored another touchdown, then sealed the win after their defense forced and recovered a fumble.

Next, the eighth-grade team will play Conner Middle School in a second-round matchup.

The game will take place at Conner High School, located at 3310 Cougar Pathway, on Saturday, October 24, at 1:00 p.m.

Coach Sharrock wants the community to know that, like others, he hopes to bring strong football to Clark County.

“We’re one unified mission with GRC to produce a product that’s going to be dominant for Clark County in the future,” he said. “Our main goal is to develop these guys for the high school and to put a better product on the field as they get older.”

The defense of Robert D. Campbell Junior High School's 8th grade football team lines up to defend a play against East Jessamine. The Cards won their first-round playoff matchup 32-6.

Lady Cards win 40th District Championship

The George Rogers Clark Lady Cardinals, pictured in a game earlier this year, defeated Paris 3-2 in five hard earned sets this week to capture the 40th District Championship. Full story to come.

losses to Texas and Florida, the SEC leader.

Against Texas, 9,226 fans were in attendance to set a program record to break the previous record of

8,212 against Illinois set on Sept. 1. Tennessee also drew 7,924 fans against Colgate. Tennessee ranks fourth in total attendance (54,067) and third in average attendance (6,758) this season going into tonight’s match.
