counted.

"As we anticipated, today's recanvass did not change the outcome of the election. We understand that this process may continue with Dr. Schack's anticipated request for a recount, which we expect to be filed by tomorrow's deadline. We will, of course, participate in that process in good faith, with the same objective that has guided us to this point: ensuring that Kentucky's election laws are followed and that every valid vote is counted.

"If litigation is initiated concerning this election, we intend to advocate for the integrity of the electoral process and the faithful application of the law.

"We are grateful to the Rowan County Board of Elections for its professionalism, hard work, and dedication throughout this process. At the end of the day, one of the things that makes our country great is the public's ability to have confidence in our democratic institutions and the integrity of our elections. We are proud to stand up for that process and ensure that it works as the law requires.

"THANK YOU to everyone who voted for me, knocked on doors with and for me, who put my signs in their yards, who attended events with me and all who have supported me through this entire process. Without you, today would not have happened.

"Lastly, I want to thank my legal counsel, Miss Sarah Cameron of Dinsmore Law, for her belief in me and for making the long trip to be here today. She's an excellent attorney, of the highest character and integrity."

Edna Schack also released a statement following the recanvass:

"For years, we've heard that your vote matters. On Election Day 2026, Morehead saw firsthand that every vote matters.

"And every voter's intent matters.

"Each of you deserves to have your vote counted as you intended. With a one-vote difference, it's important to review the ballots to make sure every voter's intention is honored.

"The recanvass was the first step, and it allowed us to review all the write-in ballots. Today, we'll file a request for a recount, which will review every ballot for every Morehead mayoral candidate. I'm requesting this recount for you, the voters. Kentucky makes the process available to ensure every vote is counted correctly.

"I'm grateful to the Rowan County Clerk, his staff, and the Rowan County Board of Elections for the care they've taken in carrying out this election. Thank you to my opponent for understanding that this process is a necessary step in this election.

"And thank you, Morehead, for your patience as we work to make sure your vote counts as you intended. Please stay engaged.

"Every vote matters. Every voter's intention matters."

and accommodations. Designed to inspire travel and encourage visitors to explore beyond the expected, the publication serves as a valuable marketing tool for the community.

The Morehead Turtle Walk earned recognition for its creative approach to visitor engagement, offering a unique experience that encourages residents and visitors alike to explore Morehead while discovering the community's personality and charm.

Rounding out the honors, the "Impact of Every Visit" Economic Impact Video highlights the often-overlooked importance of the tourism industry to the local economy. The video illustrates how visitor spending supports local businesses, creates jobs and generates economic activity that benefits the entire community.

"Tourism is so much more than putting heads in beds or attracting visitors for a weekend," Brown added. "It is about supporting the businesses that invest in our community, creating opportunities for our residents and helping build a place where people want to visit, live and work. These three projects tell that story in very different ways, and to have each recognized at the state level is especially rewarding."

The Kentucky Travel Industry Association's annual conference brings together tourism professionals from across the Commonwealth to recognize industry achievements, share best practices and celebrate excellence in tourism promotion.

With three statewide awards to its credit in 2026, Morehead-Rowan County Tourism continues to demonstrate that creativity, collaboration and a strong sense of community pride can make a lasting impact on Kentucky's tourism landscape.

Most Rowan County elected Officials and their staffs, have earned our respect, trust, and appreciation.

The Rowan County Attorney's answer to the Lexington Attorneys' question as to why our variance for the fence was denied, was: "Politics and Payback". Judge Henry Wilhoit, Jr. was told the Rowan County Attorney didn't say it.

The late United States District Court Judge Henry Wilhoit, Jr. dismissed our case when he believed the Fiscal Court's denial of the stated true reason, "Politics and Payback" for its denial of our variance. He was also presented by them **another false claim**, that they "mowed, weeded, and maintained" the same infamous ten foot strip of front lawn of every lot in our subdivision. The true fact is, the Rowan County Fiscal Court has **never** mowed, weeded, or maintained the front ten feet of our lawn (at least for the last 25 years) or over 90% of the 50 lots in the subdivision. This claim that they did mow, weed, and maintain is absolutely false. And, the Judge bought into this as well.

When the Rowan County Fiscal Court denied our very reasonable request to build a luxury/very correct wrought iron fence and gate along the front of our property, the attorney/managing partner stated to them "What are you guys smoking up there in Morehead?"

PROVEN FACT: Rowan County Attorney absolutely said "Politics and Payback". Three heavy-weight Lexington Attorneys truthfully confirmed that, and would never jeopardize their licenses, assets, or reputations to say so falsely. HE SAID IT!

REWARD

ONE MILLION, ONE HUNDRED EIGHTY FIVE THOUSAND DOLLAR$ - LUMP SUM PAYMENT

There is no other word for it...
CORRUPTION

$1,185,000.00* **

Sad when the only way to win is to cheat!

We all know the Rowan County Attorney stated "Politics and Payback", and that he signed the affidavit denying that. We all know that the affidavit with his denial was false.

(To comply with the only remaining contingency in the sale of our property (we were holding a half million dollar$ from the buyer, ready to close but the denial of (a Variance) "Politics and Payback", crushed the sale).)

TEAR OUT THIS PAGE, AND ALONG WITH YOUR WITNESS/PROOF, TAKE IT TO A FEDERAL COURT OR FBI OFFICE IN ASHLAND, LEXINGTON, CINCINNATI, (OR?) AND YOU CAN DO THIS SAFELY, AND ANONYMOUSLY, WITH FEDERAL LAW ENFORCEMENT HELP. THE BONUS IS THAT YOU WILL BE BRINGING JUSTICE, LONG ABSENT, TO THIS CASE.

They are still telling stories, we are told by our readers (We appreciate your continuing input and support.), but every word of these ads is provably true.

What will your excuse be to the Rowan County Taxpayers when the right person finally reads these ads?

Will a Senior United States District Court Judge order the Rowan County Fiscal Court and Rowan County Attorney "Taxpayers" to pay MILLION$ for knowingly utilizing a false affidavit in its defense of a federal lawsuit it could have won legitimately? The aggravating factor (legal term) is the multitude of public reminders the Fiscal Court and County Attorney ignored, or failed to face, considering the devastating damages they inflicted, and failed to make restitution.

Both the Lower Court, and 6th Circuit, believed the content of the affidavit, as evidenced in their explanations of their rulings. Did 3 high powered Lexington (Fayette County) Attorneys lie with no apparent motive, or did one Morehead (Rowan County) Attorney lie with obvious motives? It is our belief that the fraud committed will toll the statue of limitations in this matter.

* For U.S.District Court admissable evidence of false testimony

**One Million Dollars added, provided U.S.D.C. of Appeals or U.S.D.C. Judge/Jury, awards Two Million Dollars or five to ten times that amount, against the Rowan County Fiscal Court/Rowan County Attorney, for what they did to us.
